TEDDY IN ACCORD WITH THE SOUTH

Predicts Dawn of New Era With Completion of Panama Canal.

COMING SOUTH NEXT MARCH

Shows Utter Disgust for Sectional Hatred in Letter to Southern Congress—Talks of Its Past Glories.

New York, Aug. 16.—In response to an invitation to address the Southern Commercial Congress at Atlanta in the Spring of 1911, Theodore Roosevelt has just sent a letter to Mr. Charles Hall Davis, chairman of the Congress, at Petersburg, Va., in part as follows:

"August 16th, 1910.

"My Dear Sir:—

"It is not possible as yet for me to answer definitely; but I believe that on my trip to California next March, I shall pass through the Southern States; and I hope that it can be arranged that the Southern Commercial Congress then hold its meeting in one of the cities through which I am able to pass. If so, it will be a very real pleasure to me to be present, and to say all that I can in behalf of this admirable movement.

"More and more, the former misunderstanding about the South is tending to disappear, and you and your associates have set in motion a force that will have much to do with the complete dissipation of this misunderstanding. You are working for a stronger South; and you show your wisdom and foresightedness in the way you realize that this movement for a stronger South, to be effective, must really mean a stronger National cohesion; for the old South of yesterday is being changed into the young America of today. Every good American must hope to see a real solid South, in the sense of solid business prosperity in the South; for all good Americans now realize that the prosperity of any part of the country helps the prosperity of the whole, will grow faster and stand on the most durable foundation only when we effectively realize that the words 'South,' 'North,' East' and 'West' have only a geographical significance. I earnestly hope that the young men of the South will never forget the past glories of the South, because I earnestly hope that the young men all over America today, will keep ever in mind these glorious memories of every section of our common country; and, that the men of the North and of the West will remember the South's past with the same pride that the South itself does; for the undying glory, won by the men who so valiantly and with such sincerity fought for their convictions, whether they wore the blue or the gray, is now a common heritage of all of us, wherever we dwell.

"This nation is thrilling with ideals at this very moment and these ideals relate to constructive work in the future. The South must do its full share in realizing it; and from now on it must participate in full in the solution of all the National problems. All of us alike must turn to the special problems of this age with the courage that our fathers showed in those heroic days to which we look back with mournful pride.

"The stature of Gen. Lee, in Confederate uniform, stands in the halls of Congress today, and his memory is honored no more by the South than it is by the North, and in the North as in the South alike I think we are now learning to apply absolutely in good faith the great words of Grant, 'Let us have peace.'

"The part played by the South in the constructive statesmanship of our Nation during all our earlier years was of incalculable weight and value. I firmly believe that the time has now come when the South's influence will again be felt, not only in constructive statesmanship, but in the enormous field of constructive business endeavor. No part of our country has seen such progress as the South has made in the last 20 years along material lines; and I believe the next 20 years will see a greater progress. For long the eyes of this Nation have been set steadily westward to watch its great and typical growth. From now on I think the South will share with the West in rapidity of growth. This leadership will be hastened by the completion of the Panama canal; the East has the Atlantic and the West the Pacific, the South even more than the East and West will have the Panama canal, and will, therefore, stand at the distributing point of all the great oceans of the world.

"You need more people, but, like the rest of the country, you need that those people should be of the right sort. Feeling this way, I naturally sympathize most cordially with every purpose of the Southern Commercial Congress in its efforts to make the South know itself, and to make both the South and the Nation realize that a great Nation will be developed from the development of a greater South. In your membership no political lines are drawn; your effort is to strive for the advancement of American citizenship and all broad minded men throughout the Nation must heartily sympathize with you in what you are doing both to develop and increase the power of the South and at the same time to arouse therein a keener National sense.

"With hearty good wishes,

"Faithfully yours,

"THEODORE ROOSEVELT.

PRESIDENT MONTT DIES AT BREMEN

Chilian Executive Expired Suddenly Soon After Steamer's Arrival.

SAW GAYNOR WHEN SHOT DOWN

Recently Visited United States and Had Conference With Taft—President Since 1906—Recurrence of Heart Trouble.

London, Aug. 17.—President Pedro Montt, of Chile, arrived at Bremen on the steamship Kaiser Wilhelm der Grosse this morning. His death occurred at 11:50 o'clock tonight. It was due to a recurrence of heart failure, following the recent attack of angina pectoris from which he suffered.

New York, Aug. 16.—President Montt left New York just a week ago after one of the most stirring experiences in his career. That same morning he had seen Mayor Gaynor shot down on the deck of the Kaiser Wilhelm der Grosse, had witnessed the struggle with James J. Gallagher, the would-be assassin, and had departed feverishly excited over the occurrences as were most of the other passengers aboard. A sufferer from heart trouble it is not improbable that his sudden death may in some measure be attributed to the strain of that occurrence.

He arrived in New York from South America on August 3rd, after a stop in the Panama Canal zone where he inspected the work on the canal and pronounced it good. Arriving here, he was received with the presidential salute and met by Federal, State and city officials.

On the following Friday he left for Boston whence he was taken on the President's yacht Mayflower to Beverly where he and Mrs. Montt had luncheon with the President.

Pedro Montt became president of Chile in 1906 and his term of office extended to 1911. He succeeded German Reisco as chief executive. He was elected by an enormous majority and was supported by a really National party.

Pedro Montt was a member of one of the best known families in Chile, for his father, Manuel Montt, was president of the Chilean Republic from 1851 to 1861.

Taft Sends Cablegram.

Beverly, Mass., Aug. 16.—News of the death of President Pedro Montt, of Chile, reached President Taft tonight and he immediately sent the following cablegram to Mrs. Montt:

"Madame Pedro Montt, care Chilean Legation, London.

"Mrs. Taft and I are greatly shocked to hear of the death of President Montt. Your welcome visit to us at Beverly is still fresh in our memory. We extend to you our heartfelt sympathy in your great sorrow and we condole with Chile in the loss of her Chief Magistrate and her great statesman.

TIMELY DISCOVERY.

First Baptist Church Narrowly Escaped Destruction—Other Notes.

(Special Star Correspondence.)

Lumberton, N. C., Aug. 16.—The handsome new First Baptist Church building narrowly escaped serious damage, if not total destruction, by fire late yesterday evening, as the result of spontaneous combustion. After supper, while Professor Page was conducting a party of the visiting teachers through the building, a box containing a quantity of waste which had been used by the painters was discovered in the upper part of the building, smoking, as though there was fire in it. Professor Page immediately removed the box from the building, and as soon as it reached the open air the contents at once caught on fire. But for the timely discovery, there would have been a mysterious fire, with no idea of how it originated.

Messrs. Rudolph Carlyle, Sandy McLeod and Richard Norment left here today at noon in an automobile for Raleigh, expecting to reach there by 6 o'clock this evening. They will return tonight or early tomorrow morning.

The Teachers' Institute, which began here yesterday, is being attended by quite a large number of teachers from all sections of the county. The exercises for the white teachers are being conducted in the graded school building, and for the colored teachers in the colored Normal school building. The sessions will continue for two weeks.

Mr. W. M. Cain, of the Bell Telephone Company, while returning to town this evening from a trip in the country, was handed an open boll of cotton from a field belonging to a colored man. This is the first we have heard of in this section.

ILLINOIS BRIBERY TRIAL IS HALTED

Veniremen Admit "They Were Approached" by Friends of Brown.

SITUATION IS DEPLORABLE

Judge Declares Investigation is Necessary—Whole Venire Was Dismissed—Attempt to Try Legislator for Bribery.

Chicago, Aug. 16.—Declaring that nearly all the veniremen "had been approached" in connection with the re-trial of Lee O'Neil Browne, Judge Kersten today dismissed a panel of 72 who had been subpoenaed for the selecting of a jury. This action came after several days endeavor to get a jury to try Browne, Democratic minority leader of the Illinois Legislature, for giving Representative Chas. H. White a bribe to vote for William Lorimer for United States Senator.

Judge Kernsten pronounced the situation "deplorable." The veniremen were immediately taken to the office of State Attorney Wayman, where Judge Kernsten asked each man by name if he had been called on by any one in connection with his possible services as a juror. Nearly all answered in the affirmative. They were instructed to report in court tomorrow for further investigation.

Mr. Wayman made the assertion in court that he could prove by a detective employed by the defense that the latter had systematically sought out every prospective veniremen, either personally or through members of his family.

P. H. O'Donnell, of counsel for Browne, asserted that the veniremen "had been seen" by agents of a third interest, neither defense nor prosecution, but some one interested for political reasons in the downfall of Browne.

Swan Dahlberg, member of the panel, stated in court that he had been "seen" by some agent, whose real purpose he did not know. Dahlberg said this agent told him that he need not answer the subpoena. Dahlberg acted on this advice and was in consequence brought before the judge today to explain why he should not be adjudged in contempt of court. Then he told his story. Judge Kernsten learned over his desk and said solemnly: "The court wants to know if this is going to be a fair trial or a travesty on justice. The situation has reached a point where an investigation is necessary."

One venireman whose name was not disclosed, created excitement after the panel had been taken to the State's attorney's office.

There was a hurry call for a stenographer. A member of Mr. Wayman's staff later said that the veniremen had been asked by "an agent" to stick it out for Browne till hell freezes over."

A sixth panel which was ordered to report tomorrow will be questioned. If it is found that agents have been talking to them, this panel will be dismissed also.

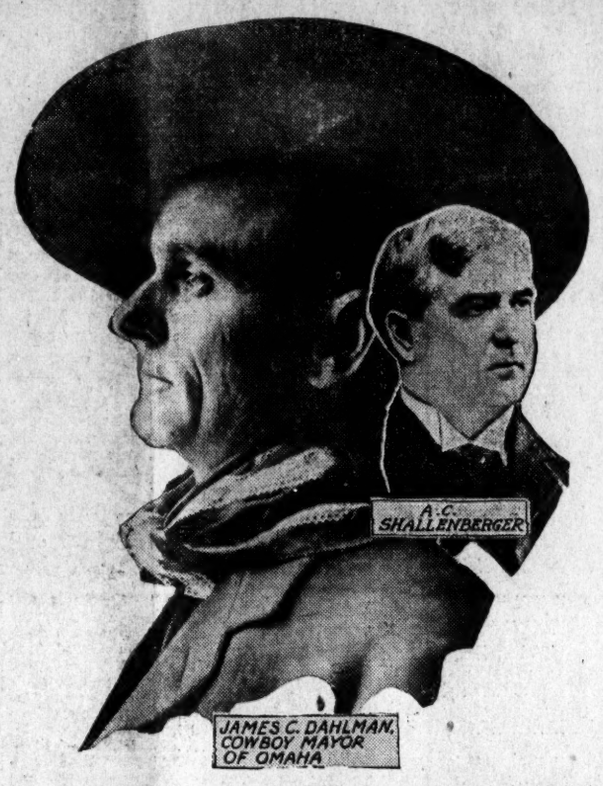
Leading Figures in The Nebraska Primary Fight



Omaha, Neb., Aug. 16.—The two leading Democratic aspirants for the gubernatorial nomination in today's primaries in Nebraska, James C. Dahlman, the "cowboy" Mayor of Omaha, and Governor Ashton C. Shallenberger, have worked earnestly for weeks in all parts of the State. Unalterable opposition to county option was the "cowboy" Mayor's slogan, and the present State executive took a more conciliatory position, agreeing to sign such a bill if it were passed by the next Legislature. The fight for indorsement of the voters for the United States senatorship was an exceptionally strenuous one between Gilbert M. Hitchcock, present Congressman from the Omaha district, and Richard L. Metcalf, editor of Bryan's paper, the Commoner. Elmer J. Burkett, the present senator, was the leader for the Republican nomination.

INDIAN CHIEF DID NOT TELL

Suddenly Loses His Memory When Asked About Big Deposit—Particular Friend of McMurray. Graft Scheme Belief.

Sulphur, Okla., Aug. 16.—Douglas H. Johnson, chief of 80,000 members of the Chickasaw tribe, did not remember today before the special Congressional Investigating Committee, when asked how it was that he was able to deposit $75,000 to his personal credit a few days after Attorney McMurray had receipted $750,000 as attorney fees.

Johnson previously testified that he always had approved of what are known as the McMurray contracts, which provide for the sale of $30,000,000 worth of land belonging to the Indians, giving McMurray 10 per cent, or $3,000,000 in fees.

Chief Johnson also has urged other Indians to sign the contracts. He said that he was a particular friend of McMurray, and that in what are known as the citizenship cases several years ago, he approved of a contract in which McMurray got a salary of $5,000 a year, and $2,700 a year expenses. A short time afterwards, he approved of another contract on which McMurray obtained, for doing the same work, a contingent fee of $750,000. The latter fee was to have been $1,500,000, but was cut down half by the government.

"Why was it you were willing to give McMurray $750,000 for doing that for which he already was paid a salary?" asked Representative C. B. Miller, of Minnesota.

"Because we thought he earned it," replied Chief Johnson.

"He kept off the rolls 3,200 claimants to our property, and thus saved us a total of $16,000,000. I would have been willing to have paid him 50 per cent, or $8,000,000.

"You were willing to give a little graft money in order to save that much land—is that it? Now tell us why it is that a few days after that $750,000 was paid to McMurray, you were able to deposit to your personal account in a bank at Denison, Texas, $75,000. Where did you get that $75,000?"

"I do not remember. I was dealing in cattle, and my account varied so I do not remember."

"The depositing of $75,000 to your personal account produced so little impression on your mind that you don't remember? When you became chief of your tribe, isn't it a fact that your bank account was only $500? How, then, were you able to deposit $75,000 just a short time after McMurray got his $750,000 fee?"

Chief Johnson insisted that he did not remember. Johnson occupied almost the entire day on the stand.

Governor C. N. Haskell today telegraphed his willingness to testify, but he probably will not be called.

Crickett, Ark., Aug. 13.—Mrs. B. H. Wendling, of Memphis, Tenn., committed suicide today by jumping from a Missouri Pacific passenger train as it was crossing a trestle. She hurled herself and her small child out of a car window. The mother was killed instantly, but the child will live.

INFURIATED MOB AFTER NEGRO

Charged With Murder and Criminal Assault in Most Atrocious Manner—State Troops Called Out —Spirited Away.

Hinton, W. Va., Aug. 16.—Directly under the nose of a lawless mob of a thousand infuriated men, bent on having the life of a negro believed to be the man who assaulted and murdered Mrs. Lottie Ailiss, of Quinnemont, Sunday night and wounded her husband, county officers tonight escaped from a Pullman car, in which they had guarded their prisoner for four hours and took to the woods with the prisoner.

As soon as the mob learned that the prisoner had been carried away, when almost within their grasp, their anger broke out afresh. They scattered into groups and began searching the woods for the negro and the officers.

Troops, accompanied by Governor Glasscock, are on the way from Charleston to prevent a lynching.

The negro was arrested by a railroad detective today. Immediately the mob began to gather and within two hours it had reached proportions that made the officers realize that they were unable to cope with the situation. On appeal the Governor ordered militia to Hinton.

It was after midnight when the troops arrived.

Just before dark officers attempted to place the negro on a train to take him away. The mob soon learned the purpose of the move, but allowed the officers to get the prisoner into a Pullman car. Then the rioters uncoupled the engine, cutting the air hose and resolutely refused to allow the train to move. They guarded the car until 9 o'clock when the officers, realizing that delay would be fatal, escaped by a ruse into the woods.

The crime for which the negro was wanted occurred Sunday night. John Ailiss and his wife were walking on the railroad tracks near Quinnemont, W. Va. A negro knocked Ailiss down. After kicking him into insensibility the negro assaulted Mrs. Ailiss, who was a bride of three weeks, and then murdered her.

Ailiss recovered enough Monday morning to tell the story, but is now in a critical condition. He tried to identify the negro prisoner today. He said he was not certain, but suggested that the negro be held until he recovered.

The saloons were closed tonight. All electric light wires were cut, throwing the town into darkness.

SHERMAN CHOSEN OVER ROOSEVELT

Ex-President Again Meets Defeat at Hands of New York Republicans.

CHAIRMAN FOR CONVENTION

Roosevelt Issues Statement Explaining Situation—May Serve, Regardless of Yesterday's Action. Griscom Talks.

New York, Aug. 16. — Theodore Roosevelt matched strength with the "old guard" of the Republican party in New York State today, and met decisive defeat. The Republican State Committee, in session here, by a vote of 20 to 15, refused to recommend him for temporary chairman of the State Convention which meets at Saratoga September 27th. Instead, Vice President James S. Sherman was selected.

This is Colonel Roosevelt's second defeat at the hands of the "old guard," the first having been the Legislature's refusal to pass the Cobb direct primary bill, although Mr. Roosevelt especially endorsed it. With his setback today, plans for harmony within the party in the State received a severe setback, and as soon as Colonel Roosevelt heard the news, he issued a statement in which he enrolled himself as a progressive, so far as the New York State situation goes.

The statement follows: "To the various persons who asked me whether I would accept the position of temporary chairman of the State convention, I said that I would do so only if they were sure, after knowing my attitude, that they desired me, because my speech would be of such a character that it might help if the convention nominated the right kind of a man, on a clear-cut, progressive platform; but that it would hurt if neither the right kind of a man were nominated nor the right kind of a platform adopted."

Although repudiated today, it does not necessarily mean that Colonel Roosevelt will not be temporary chairman, after all. The convention delegates themselves will decide who is to open the meeting and deliver the keynote speech."

In the interval between now and September 27th it is expected that the struggle between the organization and Roosevelt-Hughes forces will be carried into every corner of the State, and that the chief issue will be at the primaries for the election of Roosevelt or anti-Roosevelt delegates to the convention.

Whether Mr. Sherman lent his support to the movement which resulted in Colonel Roosevelt's defeat has not been established definitely. William L. Ward, of West Chester, national committeeman, who was one of the leaders in the anti-Roosevelt combine, is quoted as having said that Mr. Sherman knew all about the plans to make him, and not Colonel Roosevelt, temporary chairman. Others who took part in today's meeting were of the opinion that Mr. Sherman knew nothing of it.

Lloyd C. Griscom, chairman of the New York Republican County Committee, who presented the Colonel's name today, said tonight:

"I do not know whether today's action by the committee will have any effect on Mr. Roosevelt's attitude during the State campaign. Mr. Roosevelt is to be a delegate to the State convention. It seems to me that, as the only living ex-President of the United States, the party in his State owes him at least the temporary chairmanship.

Mr. Taft, so far as I know, did not anticipate that Colonel Roosevelt's name would be presented to the committee. If he had known, he would have prevented the action that was taken. The selection of Vice President Sherman cannot be construed as endorsement of the Taft administration, which needed no such endorsement."

Colonel Roosevelt took luncheon with Mr. Ward after the meeting. The only thing that is known as to what was said to the National Committeeman is that he laughed and told him he understood now why Mr. Ward and other members of the State were not anxious to meet him until after today's meeting. Colonel Roosevelt had planned to keep in the background as much as possible in the coming campaign. It was only when he perceived the turn which political affairs were taking that he consented to the use of his name in connection with the temporary chairmanship. Both he and Chairman Woodruff have expressed their desire for a harmonious settlement of the differences between the Progressives and the "Old Guard," but there was no harmony talked among politicians tonight.

News Upset Beverly.

Beverly, Mass., Aug. 16.—Beverly was completely upset tonight when news come from New York of defeat of Colonel Theodore Roosevelt for temporary chairman of the New York State Republican Committee. The fact that Lloyd C. Griscom is president of the New York Committee had been in conference with President as late as Tuesday night, added to the sensation that the dispitches created.

Secretary Norton carried the news to President Taft. There is nothing

HOOPER TO LEAD PATTERSON'S FOES

Nominated For Governor of Tennessee at Republican Convention.

WARM FIGHT WILL BE WAGED

Support of Independent Democrats Expected—Strong Platform Adopted—Prohibition Issue in the Coming Campaign.

Nashville, Tenn., Aug. 16.—Captain Benjamin William Hooper, of Newport, Cocke county, was today nominated for governor of Tennessee by the Republican State Convention here. The name of Alfreda Taylor, of Washington county, was the only other one presented to the convention and immediately following the announcement of the result of the first ballot the nomination was made unanimous.

The ballot stood 382 9-12; Taylor 201 5-14. The convention also endorsed the candidacy of B. A. Enloe, Independent man for railroad commissioner from west Tennessee.

The Independent Statewide prohibition Democrats, who have fought Governor M. R. Patterson, every step of his official career, are expected to support the Republican ticket as against the regular Democratic nominees which includes Patterson for re-election.

The platform adopted today declares for no backward step in the prohibition laws, which were passed over the veto of Governor Patterson, and asserts that the State should be re-districted as regards Congressional, judicial and legislative districts. It says that the present system of districting is nothing less than "larceny of the elective franchise." The platform also favors continuance of liberal Federal appropriations for Federal soldiers also for Confederate soldiers.

Captain Hooper was the choice of the leaders of the Independent Statewide prohibition faction of the Democratic party which recently elected their candidates for State judicial officers and of the Sanders Evans-Sharp Republicans. Announcement of the nomination elecited a very mild demonstation and Captain Hooper took the floor for his acceptance speech. He declared that he was the candidate of no clique or element and that he stood on his record solely.

He referred to stories of conferences at Beverly and asserted he knew nothing of them or of their purport.

Captain Hooper is 39 years old and a native of Cocke county. He was graduated from Carson and Newman College with first honors and served two terms in the State Legislature. He was assistant United States attorney for the East Tennessee district and served as captain in the fourth Tennessee regiment during the war with Spain.

Following the adjournment of the Republican convention this afternoon the new State committee met and organized by the re-election of Newell Sanders as chairman.

PITTMAN WELL AND HAPPY.

American Was Held by Madriz Troops in Nicaragua.

New Orleans, La., Aug. 16.—William Pittman, the Boston boy, who was captured by the troops of the Madriz government in Nicaragua while playing havoc in their ranks by planting mines for the insurgents, is well and happy according to Harvey Smith, an American, acting Consul General of Nicaragua in New Orleans. Smith returned today from Managua, accompanied by Carlos Martinas, who figured conspicuously in fitting out the Madriz gunboat Venus.

Smith says that he called on Pittman at the prison in Managua and told him he was willing to do everything for him he could. He was surprised to find Pittman occupying a cell with a negro, also an Insurgent captured about the same time. Pittman, however, asked Smith not to have him removed.

Smith was told by President Madriz that Pittman would be accorded all the privileges due a prisoner of war, but that he would be held in prison until the revolution closed.

MOB SURROUNDS TRAIN.

Refused to Let Negro Murdered be Carried Away—Troops on Way.

Hinton, W. Va., Aug. 16.—Sheriff Wyman got the negro who assaulted and murdered Mrs. John Ailiss and killed her husband, from the jail into a Pullman car tonight, but a mob of 1,000 men surrounded the train and refused to allow it to pull out of the station.

Captain Walker immediately wired Governor Glascock that he needed more troops, as the negro could not be moved from the train without great danger.

Governor Glascock gave orders for the three companies of militia at Huntington to go by special train. The troops left Huntington at once.

NO LANG-KAUFMAN BOUT.

Fight Fans Disappointed—Orders of Acting New York Mayor.

New York, Aug. 16.—Three thousand fight fans who had assembled at the Fairmont Athletic Club here to see Al Kaufman and Bill Lang, the big Australian, fight ten rounds, were disappointed tonight when the club management announced that the bout was off.

John Purroy Mitchell, the young president of the Board of Aldermen, who is acting as mayor during Mayor Gaynor's illness, had notified the club that he would not permit the fight to be held. The police had surrounded the place, and although four preliminaries were held unmolested, the orders from the acting mayor were so strict that the main contest was abandoned.

Kaufman was already stripped for battle and was in the ring when the announcement was made. Spectators had come from Philadelphia, Boston and Baltimore to see the bout, and in the crowd was seen the face of "Kid" McCoy, of Philadelphia; Jack O'Brien, Charley White, the referee, and others.

PARIS AND LONDON RACE.

Aviators Latham and Moissant Making Novel Trip.

Amiens, France, Aug. 16.—An aeroplane race between Paris and London started today, when Hubert Latham and Moissant left Issy, in the suburbs of Paris, announcing that they intended to fly to London with stops. Latham ascended first and drove through the air at great speed, but motor trouble forced him to land in a field near Lafaloiz. He expects to resume his flights tomorrow.

Moissant reached Amiens in two hours, and stopped for the night.

Highlanders Had One Awful Inning in Which Seven Runs Were Piled Up—Thorpe Was Not Very Effective.

(Special Star Telegram.)

Fayetteville, N. C., Aug. 16.—The Highlanders had one awful inning in which Goldsboro scored seven runs, and today's game went glimmering. The seven tallies were the result of a base on balls, and a double off Thorpe, three hits off McCathron, and three errors. Eleven men batted in this inning, after which McCathron shut out the Giants. Harrell held Fayetteville safe all the way. The bright feature of the game was the smashing of a two-bagger by Cantwell, who has gotten a hit of this kind each day since becoming a left hand batter.

CHARITY BASEBALL TODAY

Business and Professional Men Will Don Uniform for Sweet Charity's Sake at League Park This Afternoon.

Charity baseball—no, gentle reader, not of that variety at Raleigh yesterday—will hold forth at League Park this afternoon and the game promises to be one of the most intensely interesting and certainly the most ludicrous witnessed here in some time.

As previously stated well known business and professional men, representing the married and singles, will play a game for the benefit of the Associated Charities and it is hoped that all will attend, not only because they will receive their full money's worth in amusement and entertainment but because in attending they will assist this most worthy work in the community, the need of which is pressing with the approach of the Fall and Winter season.

The ministers of the city have all been notified by card that they must be present under penalty of fine o $1 each and as many of them will be drafted as players as will be necessary. Messrs. R. R. Stone and George Rountree will hold the indicator and each has provided himself with the necessary artillery to ensure their protection and that of the hundreds who are expected to throng the grandstand. A system of fines and forfeitures has been prescribed and the players are expected to furnish not only their share of the play, but unless they behave themselves they will also contribute something to the exchequer. Everybody is invited to attend a sufficiency of cars is guaranteed both before and after the game. The admission is only 25 cents.

HARRISON SUCCEEDS RAWN.

Vice President of Southern Goes to C. I. & L., As President.

New York, Aug. 16.—Fairfax Harrison, heretofore vice president of the Southern Railway was today elected President of the Chicago, Indianapolis & Louisville Railway Company at a meeting of the board of directors of that company, called to fill the vacancy caused by the death of I. G. Rawn.

Washington, Aug. 16.—Mr. Harrison has been identified with the Southern Railway for nearly 15 years. He was appointed solicitor in 1896; assistant to the president in 1903, and vice president December 14th, 1906. Since his elevation to the vice presidency he has had general charge of certain legal and financial matters under the supervision of the president. It is not known here whether Mr. Harrison will sever his connection with the Southern or not.

HITCHCOCK TOURING WEST.

Postmaster General to Visit Several States and Meet Officials.

Washington, Aug. 16. — Postmaster General Hitchcock left today for Chicago on his tour of Western and Southwestern States. Mr. Hitchcock will go as far as the Pacific Coast, where he will attend meetings of postal officials. He will visit Arizona and New Mexico before he returns to Washington.

Mr. Hitchcock referred to his visit to postal assemblages as the chief purpose of his visit West, together with the vacation he will take while he is away, but his investigation into the political situation in the middle West and West, it was acknowledged, will not be incomplete.

Score Four to Two Over Last Year's Champions at Wilson Yesterday —Errors by Tobacconists Did The Work.

(Special Star Telegram.)

Wilson, N. C., Aug. 16.—Wilson again slumped to Rocky Mount this afternoon, not that Lane failed to put up star pitching, for he did, allowing only two hits, while Griffin for Rocky Mount yielded 11.

Errors on the part of Wilson were the cause of the sad story. For instance in Rocky Mount's fourth, Cregan and Gillespie crossed the home plate when not a hit had been made; and again in the seventh, the visitors scored two more runs on a hit, an error, and a wild throw. Benbow, for Wilson, scored in the second while Armstrong in the seventh crossed the plate. Features: Benbow's and Armstrong's fine stick work; the former four times at the bat, three hits; the latter four times at the bat, four hits. Cregan's running catch was also a feature, as Lane's work in the box.

WALLACE WON GOOD GAME.

Played Fourteen Innings With Faison, and Score Was 3 to 2.

(By Long Distance Telephone.)

Walace, N. C., Aug. 16.—In one of the most interesting and exciting games of the season here this afternoon, the Wallace team defeated Faison, after fourteen innings of stubborn playing by the well-matched teams, the score being 3 to 2. Both teams have played well throughout the season, and the contest this afternoon was witnessed by 250 people.

The teams played fast ball, and the splendid pitching of Burns for Wallace and Sloan for Faison were the features of the game. The batting of Bannerman for Wallace, who secured several hits, was also one of the features. The batteries were: Sloan and Witherington for Faison, and Burns and Phelps for Wallace.

Score by innings:

Paris, Aug. 16.—Col. James Mann, chairman of the Virginia commission appointed last Winter by the General Assembly of the State to present to France a bronze copy of the Handon statue of Washington at Richmond, arrived here today, accompanied by State Senators Don P. Halsey and F. W. King. The presentation of the bronze replica is intended as a delicate compliment to the French sculptor.

Feet Tired—So Tired?

TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof.

It's the sure remedy, you know, for everything that gets the matter with your feet. It's for sore feet and for sweaty, bad-smelling feet, and for corns, callouses and bunions, too.

"For years I have been troubled with sore and tender feet; suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used." A. F. Dreutzer, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists, 25 cents per box, or it will be sent you direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

COUNTIES WANT THE TAXES

New Norfolk & Southern Bridge Bone of Contention—Canning Bulletin —Requisition for Negro School Snuperintendents.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 16.—News comes from Chowan and Washington counties of a sharp contest that is on between the respective boards of county commissioners over the famous new million dollar Norfolk & Southern Railroad bridge across Albemarle sound as to the division of the benefits from the tax assessment on this big property.

It is learned that Chowan county is claiming the entire bridge to the Washington county water line. On the other hand the Washington county authorities are insisting that they are entitled to the taxes on half the bridge out to mid-channel. It looks now like it may be necessary to bring up a test case to the Supreme Court to settle the matter.

There came today to the state department of agriculture requests from 17 other States for copies of the bulletin on canning fruits and vegetables prepared by Assistant Horticulturist Shaw.

There came to Gov. Kitchin this morning a requisition from the Governor of South Carolina for Chas. Johnson, a negro wanted in a suspected "blind tiger," believed to be "Mysterious Tom" said to be doing a big business as a "walking whiskey dispensary" here. The government seems not to be so sure of its case against him here and has agreed to release him to South Carolina to finish out his convict term. He has been in jail here two weeks.

Complete programmes for the North Carolina Association of County Superintendents of Public Schools are being issued from the department of education. It is to be a session of work stretching through three days and nights at the University of North Carolina with enough relaxation and entertainment to make it a highly enjoyable as well as immensely profitable one from a professional view point. The whole scope of the public school management and every phase of duties devolving on the superintendents are to be considered and special attention given to matters of public health and sanitation as they affect the schools and to the movement for the new farm life schools that bid fair to be the next innovation in this State's rural education.

North Carolina's internal revenue collections during the last fiscal year ending June 30th aggregate $5,919,634, this being the largest ever collected during a single year in this State.

The Wake county teachers' institute for the public school teachers is in session at Wake Forest Collee for the next two weeks with every promise of unprecedented success. There were nearly 100 teachers present Monday for the first day's session, Prof. J. Henry Highsmith is in charge and is being assisted by Miss Susie Fulghum.

The Southern and Seaboard Air Line railway companies have appealed to the 14 and more negroes injured in the union station collision here Saturday morning to all come direct to the railroad representatives for settlement of their claims for injuries without the intervention of any lawyer. Announcement has been made to this effect at the colored churches with insistence that claimants make no move to employ counsel before they have tried to reach a settlement without lawyers. They insist that in this way those entitled to damages will realize the more benefit through being rid of exorbitant counsel fees.

A special committee composed of Dr. F. P. Hobgood, Dr. B. F. Sledd, and President W. L. Poteat has been named by the directors of Wake Forest College, to select additional teachers for the department of English. The directors were in session last evening here and report prospects in every way highly encouraging for the Fall opening.

WHITEVILLE AFFAIRS.

Candidates Announce for Office—Water's Capture.

(Special Star Correspondence.)

Whiteville, N. C., Aug. 16.—Four candidates have announced this week for the Legislature from Columbus county, Messrs. J. M. Shipman from Welchs Creek, A. M. Benton, of Evergreen, A. T. Clark, of Bolton, and Clyde Council. Mr. Ed. Maultsby has also announced for treasurer, making Columbus county perhaps the banner county in the State for candidates.

Mrs. Minnie Moffitt McKenzie, wife of Mr. J. T. McKenzie, died suddenly this morning at her home in this city, Mrs. McKenzie leaves three children.

The Whiteville Baptist Church last Sunday granted their pastor, Rev. Chas. C. Smith, a month's vacation which he will take in September, and will spend the time in Asheville and Brevard.

William Frye, the man in Florida who has been so interested in the capture of Walker, once lived near Toon's Bay in Columbus county, and is the man to whom Walker sold an organ. Frye paid cash but Walker reported it as a credit sale. This got him in trouble with the organ people when Walker ran away and enlisted in the army. Frye knew Walker well and it is not reasonable that he would make a mistake in identifying his man, and it is the opinion that Walker had some friend to send that telegram to keep the sheriff from coming.

Mr. Fred Ford, of the Bank of Columbus, is spending his annual vacation with friends and relatives at Reidsville.

They Have a Definite Purpose.

Foley Kidney Pills give quick relief in cases of kidney and bladder ailments. Mrs. Rose Glaser, Terre Haute, Ind., tells the result in her case. "After suffering for many years from a serious case of kidney trouble and spending much money for so-called cures, I found Foley Kidney Pills the only medicine that gave me a permanent cure. I am again able to be up and attend to my work. I shall never hesitate to recommend them." Robt R. Bellamy.

THE RICE MYSTERY.

Detectives Announce There is But One Remaining Clue.

Cleveland, O., Aug. 16.—Detectives seeking a solution of the mystery surrounding the death of William J. Rice, millionaire attorney and clubman, who was murdered in the street ten days ago, today admitted that if a clue they are now following fails to produce results, they will be at the end of their resources.

This clue led to a search for a colored man and a Sicilian who sought to sell a pistol of the type and calibre of the one from which the shot that killed Rice was fired.

CONVENTIONS IN DETROIT.

Two National Assemblies Are Gathered There Now.

Detroit, Mich., Aug. 16. — Two national conventions opened in Detroit today, bringing about 500 delegates to the city. The first of the conventions to get under way was the twenty-fourth annual meeting of the National Fraternal Congress, which held its first session this forenoon. The twenty-fifth annual meeting of the American Philatelic Society was opened later in the day.

The Philatelic Society is composed of stamp collectors from all parts of the country.

DECLINES NOMINATION.

Missouri Minister Elected as Progressive Will not Run.

Holden, Mo., Aug. 16.—F. H. Devot, of Holden, declined yesterday the nomination for representative from the Sixth Missouri district given him at the recent primaries.

Devot, a minister, entered the race with avowed progressive Republican ideas but was induced to switch to a stand pat platform. His declination is attributed to the fact that there has been wide condemnation among the voters of his adoption of the conservative ideas.

CANNON TO SPEAK.

Will Open His Campaign at Meeting of Old Settlers.

Danville, Ill., Aug. 16.—Speaker Cannon opens the campaign in this district tomorrow, when he delivers a speech at a meeting of the old settlers at Tissna Park, Iroquois county. Mr. Cannon will not make a set speech. He said today that he will discuss politics, but will not make up his mind what he would say until after he has "looked over the crowd."

HOMICIDE AT GADSEN

Wealthy Farmer of Alabama Shot Down at His Door.

Gadsden, Ala., Aug. 16.—Frank Howard, a wealthy farmer, living near Martling, Ala., heard some one walking about his yards about midnight last night. When he opened the door to investigate there was a flash of a double barreled gun and Howard fell fatally wounded, with two loads of buckshot in his side. Tom Hayne, Howard's stepson, was arrested charged with the shooting.

Richmond, Va., Aug. 16.—With practically every city of importance in the country represented by proxy if not otherwise, the fifth Annual Convention of the National Association of Mercantile Agencies began here today. It is expected to last until Thursday evening next. W. H. Burr, of Rochester, N. Y., is president of the association; W. P. Thompson, of New York City, secretary, and William Rauch, of Newark, N. J., treasurer.

Bucklin, Mo., Aug. 16.—Two men boarded a Santa Fe passenger train at the Russell Fork bridge, two miles east of here late last night, held up and robbed two of the passengers and escaped into the woods. Oscar Kiraby, of Bucklin, lost his watch and money. Luther Ryals, a merchant of Ethel, Mo., resisted the robbers, was beaten and shot in the left side.

New York, Aug. 16.—Posses of armed citizens and policemen are skirmishing the swamps near North Bergen, N. J., today searching for Bertrand Pond who is wanted for the killing of Mrs. Mary Unschiez last night in the presence of her 6-year-old son. The police charge Pond killed the woman because she rejected his attentions.

Boston, Mass., Aug. 16.—Rev. Dr. James F. Brodie, prominent in Congregational pulpits and for the past two years connected with the editorial department of the American Board of Commissioners of Foreign Missions died today in a private hospital in the Jamaica Plain district, aged 56 years. For several years Dr. Brodie was treasurer of Fisk University, Nashvill, Tenn.

Nashville, Tenn., Aug. 16.—A Sparta, Tenn., dispatch says that a fire at an early hour this morning practically swept the business portion of that town, causing a loss estimated at $120,000; well covered by insurance. A number of the best business houses were destroyed. The origin of the fire is a mystery.

Washington, D. C., Aug. 16.—A petrified tortoise which may have been crawling about the vales of Virginia during the days of Noah, has been discovered at Orkney Springs, Va., by two Washington men. The petrified animal which weighs about 400 pounds, will be presented to the Smithsonian institution.

London, Aug. 16.—Florence Nightingale, who died Saturday, will be buried with the simplest ceremony Saturday afternoon at Wellow, Hampshire, where her parents are buried. A memorial service will be held at noon in St. Paul's Cathedral at which the King will be represented.

Staunton, Va., Aug. 16.—Geological experts who are here investigating the cave-in which caused the collapse of several buildings, now advise filling the holes. This work begin at once. The excitement has subsided.

New York Aug. 16.—Directors of the Standard dividend meeting today and declared the regular six per cent. dividend, which calls for a distribution to the Standard stock holders of ..6,000,000

NICARAGUA SITUATION.

Believed That War Will Soon End. News From the Scene.

Washington, Aug. 16.—That a feeling exists in Central America that the war in Nicaragua may soon be over, was evidenced today in a dispatch to the State Department from United States Minister McCreary, at Tegucigalpa, Honduras. He said that the Bonilla movement against the government of Honduras has been suppressed, and while there had been no fresh outbreaks, some apprehension existed that another attempt would be made to overthrow the government as soon as peace was restored in Nicaragua. Mr. McCreary said that 200 Nicaraguans had crossed the Honduran border from Nicaragua during the last week, ostensibly to escape trying conditions in that country.

Lexington, Ky., Aug. 15.—Ernest A. Hornbrook, aged 45, known in the South as a minor official of several railroads, committed suicide here today by drowning in the reservoir of the city water company. Ill health is assigned as the cause.

Houston, Texas, Aug. 15.—Reports from scattered localities in the Houston district tell of a heavy rainfall today, at least temporarily ending a drought which threatened to seriously damage the growing crops of rice and cotton. In Houston the precipitation measured 1.43 inches.

Woman's Nature

It is the nature of women to suffer uncomplainingly, the discomforts and fears that accompany the bearing of children. Motherhood is their crowning glory, and they brave its sufferings for the joy that children bring. No expectant mother need suffer, however, during the period of waiting, nor feel that she is in danger when baby comes, if Mother's Friend is used in preparation of the event. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counteraction, prevents backache and numbness of limbs and soothes the inflammation of breast glands. Its regular use fits and prepares every portion of the mother's system for a proper and natural ending of the term, and it assures for her a quick and complete recovery. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

Honest Clearance Sales

A CLEARANCE sale is a good place to lay in supplies, provided you know the goods you are buying or know the dealer. When you know both you are absolutely safe.

We are offering special bargains in summer weight suits. Among them you'll find a large number bearing the label of

Hart Schaffner & Marx

Our reason for making greatly reduced prices is a simple business reason.

Every suit represents a certain amount of our money and it occupies so much of our shelves. We want to put the money in fall goods and we want to put these goods on the shelves occupied by summer suits. The solution is plain. We offer you the summer suits, just when you need them, at ridiculous prices. Come in and prove it.

THE MORNING STAR
FOUNDED [illegible] A. D. 1867

Published by the
WILMINGTON STAR COMPANY [Inc.)
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Wednesday, August 17th, 1910.

We meet with political thieves on the road to prosperity while we meet with chicken thieves on the public roads.

"Where does Col. Roosevelt stand?" inquires a contemporary. He don't stand. He is on the fence and seems to be riveted to it.

President Taft seems to be showing a disposition to feel Ex-President Roosevelt's political pulse. The Colonel spoke his mind when he was in Europe but at home his sepulchral silence is so ominous that it makes President Taft uneasy.

President Taft, so the dispatches tell us, has sent an emissary to Ex-President Roosevelt. However, so far nothing has cropped out that will in any way indicate that Col. Roosevelt can be induced to come off the fence. He seems to be "right thar" yet.

The Atlanta Journal says the Standard Oil Company has asked that its tax assessment be increased. This must be a slick trick on the part of the Oil Trust to induce anti-trust people and trust busters to join it in giving the tax collector a square deal.

Poor, old Uncle Joe has lived to see the day that he will have to "eat crow," first handed to him by the insurgents in the House of his friends, and later by the G. O. P. which sees that it can't get a full House as long as Uncle Joe is seen dealing the cards.

Don Jaime proposes to insurge if he can get the people of Spain to insurge with him. Don Jamie's chances of success might not be good but his judgment is. He has no idea of taking chances if they are not good. Prudence is a virtue that all insurgents might cultivate with profit.

Lo, the poor Indian in his untutored mind is in the soup same as he was of yore. No wonder the Indians have always shown a disposition to take to the woods where the white man can't rob him of the family beads for which his ancestors sold the Continent.

The Associated Press dispatches yesterday announced that the insurrection in Honduras is over. Probably all hands got hungry and had to quit insurging so they could do a little foraging. Men who work for their living should never take time to fight other people's battles.

What our Pilgrim Fathers and our Cavalier Ancestors did to the aborigines might have made us as sick as do the exposures in the Gore investigation in Oklahoma. Family trees might be regarded as just a little bit shady for the use for which we want to make of them. Selah—and also Gewhillikins.

The man who honestly believes another is a scoundrel and denounces him as an infamous and untrustworthy individual is not in a position to truckle to and support the one whom he has either justly exposed or willingly traduced. The man who will follow the lead of a man whom he has villified is willing to sidestep selfrespect and sacrifice principle.

In its efforts to defeat the Morehead-Butler combination, the Republican Greensboro News referred to Butler as follows: "A gum-shoe politician far away from home has 'come back' and in ease and luxury sits complacently stroking his pointed beard, and with cool breezes and cool drinks galore in a far-famed Summer resort, is promulgating plans and schemes to dupe you." The News hasn't eaten its words but it didn't hesitate a minute to "eat crow" when Morehead and Butler won and set out the unpalatable dish.

MOUNTAINS TO SEA HIGHWAY.

The Star is gratified to note the determination which Editor H. C. Dockery, of the Rockingham Post, is following up his proposition for that "Mountains to the Sea Highway." He stirred up the editors all along the route from Wilmington to Charlotte, and from Charlotte to Asheville, and they took hold of the suggestion with an enthusiasm which we believe will inspire the people of the numerous counties to build what The Star has heretofore dubbed "The Dockery Road." A lively interest has been stirred up among the people, and the project is such a practicable and feasible one we believe it is going to be built.

The project is one which appeals to the people all along the proposed route, and it is believed that the road systems of the various counties are in such condition that it will not be a work of such great magnitude to connect them up so we can jump in our big auto in a year or so and run down Editor Dockery, if he doesn't look sharp when we reach Rockingham. Brother Dockery is going after that road in earnest, and The Star is right at his back. So are the Charlotte, Lumberton, Maxton, Laurinburg, Wadesboro, Monroe and Asheville papers.

As a "highwayman," Colonel Dockery is a man who does not believe in holding up that "Mountains to the Sea Highway" till it is completed. He continues strongly to advocate it in the Post and, besides that, is sending out letters and printed circulars throughout the various counties interested in this splendid scheme. He is sending letters to newspapers and individuals, and he does The Star the honor of following up its suggestion of calling a convention to take hold of the proposition in a practicable and businesslike way. Speaking of the recent Star editorial on "The Dockery Road," the Laurinburg Exchange says:

"Under the above heading the Wilmington Star, in a good, long editorial, gives the proposed Wilmington-to-Asheville Highway, just recently called to the attention of the press of the section of the State to be affected by it by Editor Dockery, a strong impetus forward. The Star drops dreaming about the project and gets down to business. It suggests that a meeting be held by representatives from each county and an inventory, as it were, be taken so that it may be seen just what has ben done and what remains to be done. We heartily endorse this suggestion. Let us have the meeting, and let every county be represend. Nothing will be done until some organization is formed. So far as Scotland county is concerned, as we have already said, very little remains to be done, for already the bridges, good modern concrete affairs, have been completed and very little remains to be done to the roads connecting Richmond and Robeson counties. And yet we should like to be in this meeting, and we here and now invite this meeting to the town of Laurinburg. It is practically midway between Charlotte and Wilmington, our county has already got something in the way of roads and bridges to show the other counties, our people merit the reputation of being hospitable, and we are always happy to have visitors in our midst. A few weeks ago we threw out the suggestion that every county should have a county good roads association, and we now repeat the suggestion. Every county interested in this movement should organize a county good roads association, for only through some such organization can results be hoped for. If there is any man in Scotland county interested in this movement, we shall be happy to have him indicate his interest through the columns of this paper."

The Charlotte Observer, agreeing to what the Laurinburg Exchange says upon this matter, adds this strong endorsement:

"Interest in the Charlotte-to-Wilmington highway is increasing after the manner of a snowball on a steep hill—growing with every impetus given it. The project does not offer nearly so many difficulties as might be supposed, inasmuch as there are already many miles of the route in first-class shape. All that is required is the connecting up of the links to form a good substantial thoroughfare all the way from Mecklenburg to New Hanover.

"Some days ago, the Wilmington Star made the excellent, practical suggestion that a meeting be held by representatives of each county affected for the purpose of taking an inventory, so to speak, of what had been done and what remains to be done, and of forming an aggressive organization to look after the matter. Endorsing this idea, the Laurinburg Exchange invites the gathering to Laurinburg, which is conveniently located about midway between the ends of the proposed road. The plan is good, the place could not be surpassed. What as to the time? We are confident that we make a suggestion which will meet with general approval when we request the Rockingham Post, at whose suggestion the whole movement was brought to its present shape, to 'say when.' The highway has passed from the status of a dream to that of a definite conception. What is needed now is to transform this conception into good macadam and sand-clay. As a means to this end, the gathering at Laurinburg should be held at a conveniently early date, and plans should be formulated to bridge the gaps. Public interest has been aroused. The time for action is here. Next stop is Laurinburg, and it is squarely up to The Post to press the electric button by naming its day."

The Star is pleased to note that Colonel Dockery has accepted these suggestions and has gone to work to secure a meeting of delegates from the various counties, to be held at Laurinburg at such early day as can be agreed upon. Under date of August 15th, he sends The Star a letter accompanied by a printed circular containing the above editorials, and he notifies The Star that he is depending upon it to get delegates from New Hanover, Bladen, Columbus and Brunswick counties. We shall do our best, and we are satisfied that these fine counties will send men to Laurinburg to see this thing out.

Editor Dockery says "the Post believes that if we can get the folks and newspapers interested all along the line, we can get quite a little appropriation from the State." He also writes: "We do not wish to have this meeting unless it is going to be a success and we can accomplish something. If we can have it, we don't want any missing counties, and non-represented precincts, for this would give the movement a black eye. If we can arrange to get representatives from every county, we can have a good meeting, and it will mean that the highway will be built." The following is the circular letter which is being sent out:

"Rockingham, N. C., Aug. 15, 1910.

"Gentlemen: Referring to the Wilmington-to-Charlotte Highway, and the invitation of the Laurinburg Exchange for representatives of the several counties, and all parties interested, to meet there, this invitation being cordially seconded by the Charlotte Observer, and the Post asked to name the date—we do not wish to have a mere formal, perfunctory meeting."

"The Post knows this road ought to be built, and believes it can be built. It knows also that it will be of inestimable benefit to the people and towns all along the line. It believes that the newspapers of the several counties ought to be very much interested in the road, and that the hotels and garages of the several towns ought to be able to put up some money for the purpose of putting the propositions through.

"We want all we can get out of individuals; all we can out of counties; all we can out of townships and towns, and we believe the State will do something toward helping us along. And, for this reason, we would like to have a good, live, working organization by the time the next Legislature convenes.

"From Charlotte to Maxton the road is already pretty fair. Of course, there are a few bad links, and a few bridges needed, particularly over the Pee Dee. The Post does not know much about the road from Maxton to Wilmington, but takes it that there are some good stretches between these points, but that the majority of it is in the primeval, early man, sate.

"How about this meeting in Laurinburg? What date will suit you? Can you get anybody to attend? Are you interested? Will you help us to get folks from Bladen, Brunswick and Columbus counties to attend?

"We will be glad to have a letter from you, with some suggestions as to organization, how to proceed, etc.

"Yours very truly,
"THE POST."

This is enough to stir up the county commissioners, the people and the newspapers, and as the movement is now getting down to business, it is hoped everybody interested in it will write to Colonel Dockery and give him the elbow touch in a way that will make him think all the people of our Eastern counties are in his procession to do as much as all other counties which are deeply interested in and will be greatly benefited by a continuous modern highway from the Atlantic to the Appalachians.

The Georgia Peace Society evidently is off on a Summer vacation. At any rate, the Smith-Brown disturbance still continues.

"Swallows are disappearing," says a French scientist. Well, we surely have noticed that in a "dry" country swallows are few and far between.

It is said there are 100,000 cuss words in the English language. Col. E. C. Duncan knows lots of the worst ones but he has to suppress them every time he thinks how Marion Butler has acted.

Boss Cox of Cincinnati disrespectfully refers to Senator Burton, of Ohio, as "a pinhead and a very rusty one at that." Thus our good opinion of Senator Burton is justified. A compliment from Cox would carry doubt with it.

CURRENT COMMENT.

Raleigh has passed the million dollar mark in improvements, and the next will be the two million mark.—Raleigh Evening Times.

A prominent Republican told us that Butler turned loose a barrel of money in the campaign for the chairmanship, which simply goes to show that money talks.—Newbern Sun.

They say that Marion Butler spent a barrel of money in landing the chairmanship for Morehead, but what we would like to know is who is furnishing the boodle.—Newbern Sun.

Uncle Sam is said to be frowning on the Nicaraguans. But it is not likely that they will betray any sign of alarm until they see him slam his beaver to the ground and waltz on it —Dallas (Texas) News.

The number of standpat Jonahs now going overboard sufficiently reveals the scare which Democratic prospects and Republican insurgency have caused in certain circles. To Senator Aldrich's great credit, be it said, he took the plunge without any urging—Charlotte Observer.

While the placing of the Republican party in North Carolina under the leadership of Congressman Morehead may mean improvement in the methods of the North Carolina organization, the fact that the Republican party is the enemy of the prosperity of the people of North Carolina remains.—Columbia State.

"Pharmacists report that 172 new remedies were introduced last year to the medical profession, most of them preparations formed by chemical synthesis, discovered by the German chemical manufacturers." No wonder new diseases are constantly being "discovered." The inventors or new remedies must live.—Richmond News Leader.

Senator Aldrich said neither his Intercontinental Rubber Company nor he, nor any of his family had any pecuniary interest in the tariff on rubber. The Intercontinental Company has an ironclad contract with the Manufacturers' Rubber Trust—namely, the United States Rubber Company, to take virtually all the guayule rubber the Intercontinental can produce. The charter of the Intercontinental Company empowers it to manufacture rubber and to enter the manufacturing field. The subsidiary companies controlled by the Intercontinental are themselves a trust, and the Intercontinental as a holding company directs their operations. The stock of the Intercontinental is in the hands of a voting trust controlled by Senator Aldrich and his friends, Thomas F. Ryan and others, and the ordinary investor is precluded from any voice in the management.—New York World.

The Springfield Republican declares that there are really only two political parties in the United States—the insurgents and the regulars. This is echoed by the Atlanta Constitution, which thinks that the fact is becoming more and more patent, however reluctant the Bourbons of both parties may be to admit it. It refers to its own diagnosis of the condition of the country a while ago in describing the congressional situation, when it spoke of national politics as being in the "melting pot" stage. Nor is it sure now what the residuum is going to be. But it would not be surprised if the insurgents capture both parties, the present wrangling to continue to broaden so that ultimately a brand new alignment may be forced. It feels sure that the system that calls both Cannon and Murdock Republicans and perpetrates similar inacuracies in the Democratic party can not much longer prevail.—Indianapolis News.

Two years ago twice as many negroes voted in Wake county as in the previous election and just twice as many voted as should be permitted to vote next November. It is already known that while publicity professins to appeal to the white vote, the Morehead-Butler combination is secretly organizing to bring out as full a negro vote as possible so as to show gain and elect two or three Congressmen. That is the game. A special telegram from Washington last night told the story of a systematic effort in that direction being engineered by the Republican National Congressional committee, of which Morehead is a member, in "close States and Congressional districts." The white voter who thinks it safe to leave the Democratic party because of the disfranchisement of the negro should remember that Butler and all North Carolina Republicans opposed his disfranchisement. Give them one victory, and they will swear every negro is a scholar and permit him to vote.—Raleigh News and Observer.

Big Fines in Recorder's Court—Criminal Assault Case—The A. & M.

(Special Star Correspondence.)

Nashville, N. C., Aug. 15.—In the Recorder's court here today the school fund was increased by the sum of $80, that amount being assessed in fines by Recorder S. F. Austin. The offenders were all up for fighting, and the Recorder, in an effort to stop further scrapping, fixed the fines. In the fights no one was seriously damaged, and now the fellows are sorry because they were just a little too full of life. The parties were all white folks.

Charlie Knight, a negro, has been placed in jail charged with rape upon the person of a little negro girl aged 8 years. Knight is said to have taken the little girl into an outhouse last week and accomplished his vile deed. The girl has been in a serious condition, and waited until this week to tell her trouble. The negro denies the story, and there is only the evidence of the little girl. Physicians say the girl will die.

Nashville county farmers, who went to the meeting of the Farmers' Union at the A. and M. Colege, are loud in their praise of the treatment given them by the authorities. But they feel that they could give the authorities some pointers in regard to the care of hogs, farm implements, and about the matter of keeping down weeds. One farmer, who was thinking of sending his boys to the A. and M. this Fall, when he saw the weeds and the tools in the weather, said he could still teach his boy a few things at home. The farmers saw some mighty grassy crops on the farm while there. They are generous, however, and suggest that the experimentors took on too much crop. The farmers were pleased with their treatment; but a little disappointed in appearances.

TO ELECT MAJOR STEDMAN.

In Fifth District—Thorough Organization of Democrats.

(Special to News and Observer.)

Greensboro, Aug. 15.—Mr. T. C. Hoyle, the holdover chairman of the Fifth District Democratic Congressional Executive Committee, has called a meeting of the committee to be held at 2 o'clock Saturday, August 20th. The object of the meeting is to elect a chairma, and otherwise arrange for a vigorous campaign for the election of the Democratic nominee, Major Charles M. Stedman. The Republicans will name their candidate for Congress Saturday, and the Democratic committee, being on the spot, will be able to size up the situation at the very earliest opportunity.

The delay of the Republicans in naming their man has caused delay in calling the Democratic Executive Committee together for organization.

RAILWAY RATES.

Rocky Mount and Newbern Congratulated Too Soon—Printer's Error.

Rocky Mount, N. C., Aug. 16.—Recently it was announced that the Atlantic Coast Line had put on a new schedule of freight rates making a reduction of from 25 to 40 per cent. in the rates charged on shipments from Virginia and points West. This rate was seen to favor only this city and Newbern and the news of the change was welcomed by the merchants and wholesalers here while it now develops that this was only an error, and that the old rate prevails. Freight Agent J. S. Lewis on yesterday received a communication from the assistant general freight agent in which it was stated that the rate as named was an error and that it was a misprint. The notice of the change was to have become effective on September 1st, and there are several little changes in rates that made the new bulletin necessary, and it was the printer who caused the error. The old rate will continue to prevail.

WILSON COUNTY HOMICIDE.

Zeb Griffin Strikes Calvin Thorn With Axe, Then Cuts His Throat.

(Special to News and Observer.)

Wilson, Aug. 15.—Sunday afternoon Zeb. Griffin, Calvin Thorn, and a number of white men were drinking cider in Old Fields township. Griffin invited Thorn to his home. The invitation was accepted, and as soon as both parties entered Griffin's yard, Griffin seized an axe and dealt Thorn a blow over the head, knocking him down. He then plunged a knife into his throat, from which Thorp died Monday morning, at 5 o'clock.

It was seven hours before the sheriff was notified. Deputy Sheriff Rowe hurried to the scene of the tragedy at once, and has not yet returned.

New Postoffice to be Established at Greenville Station—Mrs. Lavina E. Rogers Appointed Postmistress—Papers Received.

Only a few years ago nothing marked the site of the present station of Greenville except the small waiting room of the Tidewater Power Company, at that time the Consolidated Company. Now it is a thriving village and after a few weeks time the residents of that suburb will no longer have to come to the Wilmington postoffice after mail but will get it at Seabreeze ot Seagate, the name of the new office to be established at what is now known as Greenville station not yet having been definitely determined upon.

Mrs. Lavina E. Rogers, wife of Mr. George H. Rogers, who conducts a store at Greenville, has been named as postmistress for the new office and the papers are now at the Wilmington office and the preliminaries for opening the new office probably will be completed during the next few days.

When application was first made for the establishment of the office the citizens furnished "Seabreeze" as the most suitable name but later decided that "Seagate" would be better. One of the names will be chosen, however. The office will be at the store of Mr. George H. Rogers.

The residents at Greenville station are also endeavoring to get the school house which is now located about a mile to the south of the station, moved to a lot only about a quarter of a mile from Greenville. A decision will probably be reached at a meeting of the board of education this afternoon.

BOARD OF AUDIT AND FINANCE.

No Meeting Last Night—Lack of Quorum—Drainage Matters.

On account of the lack of a quorum, only Messrs. Wilder and Tiencken and the clerk, Capt. T. D. Meares, having been present, there was no meeting of the Board of Audit and Finance last night and a recess was taken until this afternoon at 5 o'clock when the various matters before the Board will be taken up.

Chairman S. J. Ellis, of the Sanitary Committee of the Board of Aldermen, was before the Board last night in behalf of appropriations for replacing the old, antiquated wood drains in different parts of the city with terra cotta and also with reference to the much-needed drainage at and near Second and Ann streets Mr. Ellis went very thoroughly into the matters with the Board and the members present agreed to concur in the work for the replacement of the wooden drains but took no action with reference to the Second and Ann streets drainage on the ground that this street is soon to be permanently improved under the direction of the Street Commission, who will no doubt provide for their own system of drainage for the street. It is expected that the appropriation of $500 for the replacement of the wood drains will be immediately available and that Mr. Ellis will have the work under way in a short time. Mr. Ellis reminded the Board that his only reason for asking the appropriation was that some time ago he was given an appropriation sufficient for the maintenance of his force of men but that not one cent had been made available for materials or other expenses incident to the work, which is very important as a matter of health and sanitation.

MRS. CHADWIICK DEAD.

Passed Away Yesterday at Home of Her Son on North Third Street.

Mrs. Elizabeth Chadwick, aged 57 years, relict of the late J. T. Chadwick, passed away yesterday morning at 10 o'clock at the home of her son, Mr. W. M. Chadwick, No. 707 North Third street, after an illness of several years from rheumatism. Formerly Mrs. Chadwick resided at Currie but moved to Wilmington several months ago.

Mrs. Chadwick was married twice, her first husband being the late W D. Watts and by that union there were two children, both of whom are living, Mrs. Alice Brown, of Cobbtown, Ga., and Mr. C. M. Watts, of Nichols, S. C. By the second marriage there were three children, all of whom reside in this city, Messrs. R. L. G. H., and W. M. Chadwick.

The remains will be carried to Currie today on the A. & Y. train and laid to rest in the family burying ground at that place.

Broke Into Hardware Store.

Early Monday night it was discovered by the policeman on that beat that the store of the N. Jacobi Hardware Co., on South Front street, had been entered, a window opening on one of the alleys being found open. One of the clerks was notified and a careful examination of the stock disclosed that a Smith & Wesson pistol and a small amount of change had been stolen. There may have been other articles stolen but they were not missed. It is thought that the thief either secreted himself in the store and then let himself out of the window, or that he took ocasion to enter the store between 7 and 8 o'clock as the two shifts of police were exchanging day for night duty.

THE HILTON BRIDGE CLOSED

Telegram Received Yesterday Afternoon From General Manager Hix, of Seaboard, That Repairs Would be Made at Once.

Once more is the old frame bridge which spans the Seaboard Air Line tracks at Hilton giving the city authorities serious concern, and this time the bridge is in such a dangerous condition that the city superintendent of streets has ordered that it be closed. A report was made to the authorities yesterday that one of the main stringers of the bridge had fallen and steps were taken at once to stop traffic until repairs can be made.

The street commission was informed of the dangerous condition of the bridge at the special session held yesterday, and a telegram was sent at once to Mr. C. H. Hix, vice president and general manager, informing him of the matter. Yesterday afternoon a reply was received from Mr. Hix, stating that the proper department had been notified, and that the bridge would be looked after at once.

The city authorities have been endeavoring to get the Seaboard to build a substantial bridge at the Hilton crossing for a number of years, but each time it has resulted in nothing more being done than temporary repairs. The last trouble occurred about five years ago, and at that time the bridge was so unsafe that the city requested that it be removed. The city civil engineer stated yesterday that some time since he notified the Seaboard authorities that the Hilton bridge was in bad condition, but had been unable to get the railroad authorities to do anything.

TO WATERWAYS CONVENTION.

Wilmington Delegates Who Will Go to Providence—Features.

Eight of the ten delegates appointed jointly by the Wilmington Chamber of Commerce and North Carolina Waterways Association to attend the National Deeper Waterways Convention in Providence, R. I., have signified their intention of attending. Those whose names have been sent in to the Chamber of Commerce are: Mr. James H. Chadbourn, president of the Waterways Association of this State; Messrs. C. N. Evans, M. W. Divine, H. G. Smallbones, J. B. Mercer, B. F Keith, Capt. Edgar Williams, and Meares Harriss, as secretary. Jos. Little, Esq., who is expecting to go North while the convention is in progress will also likely be one of the delegates to represent Wilmington.

A most elaborate programme with numerous entertaining features and an interesting series of business sessions has been planned and as stated through press dispatches during the past, several battleships of the Atlantic fleet have been ordered to Providence during the meeting, which will be on from August 31st to September 3rd.

THIRD STREET IMPROVEMENT.

Communication Signed by Six Aldermen Sent to the City Engineer.

The work of placing macadam on the streets to be improved in the southern section of the city has not yet begun, but the streets to be improved have been graded. Wright street is to be macadamized from Front to Sixth street, and Third from Wright to Greenfield, but it seems that when the matter passed the board nothing was said about where the work should begin. In order to have a definite understanding, the following letter was addressed to the city civil engineer yesterday:

"Mr. C. R. Humphrey, Esq., City.

"Dear Sir: It is our understanding that the appropriation made for the repairs for Third and Wrights streets is that that work was to be done from Third and Greenfield to Front and Wright, and then from Third and Wright to Sixth and Wright.

STREET MAP PREPARED.

City Engineer Humphreys Completes Valuable Map for Commission.

City Engineer Raymond Humphreys has just completed and hung in the office of the Street Commissioners at the City Hall a most complete and very valuable map of the City of Wilmington and environs, indicating clearly each street, whether improved or unimproved, class of material with which improved and other valuable data to be used by the Commissioners in working out their general scheme of systematic permanent street improvement. The map is 6x12 feet in size and the scale is 100 feet to the inch. The plazas are appropriately marked and the manner of street improvement thus far undertaken is represented in various colors. The map is one of the most valuable in the records of the city and will be a great benefit to the city in making up its general scheme of improvements.

Real Estate Transfers.

The following deeds were filed for record yesterday in the office of the Register of Deeds: George E. Burnett and wife to R. B. Moore and wife, for $100, lot 37 1-2 by 82 feet, beginning in the western line of Fifth street, at a point 95 feet south of its intersection with southern line of Wright; F. W. Dick, trustee, to P. Q. Moore, for $10 and other valuable consideration, lot 100 by 100 feet, on Wrightsville Beach, the same being at southwest intersection of Lumina avenue and Augusta street.

BIDS OPENED FOR BRIDGE

Number of Constructing Companies Submit Bids for Building Steel Bridge at Sixth Street Crossing. Contract Not Yet Awarded.

Yesterday morning a special meeting of the Street Commission was held for the purpose of opening bids for building the steel bridge over the tracks of the Atlantic Coast Line, at Sixth street, but the awarding of the contract will not take place until the members of the commission and city civil engineer can make a thorough examination of the plans and estimates submitted.

The concrete abutments of the Sixth street bridge were put up by the Coast Line, and the city is to have the bridge proper built.

The following bids were submitted: F. H. Schmidt, of New York, $9,075; Southern Construction Company, Burlington, N. C., two plans, $7,500 and $6,500; Southern Bridge Company, Spartanburg, S. C., cost of steel 4 1-2 cents per pound, and weight to be submitted later; Grant Wilkins, Atlanta, $10,204; Pennsylvania Steel Company, of Steeltown, Pa., $9,990; Roanoke Bridge Company, Roanoke, Va. $8,290; Owego Bridge Company, Greensboro, $7,700; Cates Machine and Bridge Company, Burlington, N. C., $8,250; York Bridge Company, Charlotte, $8,150.

The next regular meeting of the street commission will take place August 26th, but the commission has not decided whether the contract will be awarded at that time, or at a special meeting of the commission.

The only representative of the various bidders present was Mr. R. W. Curtis, president of the Southern Construction Co., Burlington, N. C., and one of the best known construction men in the South, having done much work of this character in this section of the State. Mr. Curtis' company is sales agent for the old established bridge company. The Penn Bridge Co., which has a country-wide reputation for large and successful operations. Mr. Curtis is confident that the "home company," being the lowest bidder, will land the contract.

BEFORE THE RECORDER.

Defendant Failed to Perfect Appeal or Pay Fine—Other Cases.

Some days since Isaac Mintz was before the recorder upon the charge of selling near-beer without license and was fined $50 and costs. He gave notice of appeal, but never perfected, and yesterday morning a capias was issued for him. He stated that his attorney was out of the city, and asked for time to take it up with his counsel, which request was granted.

Thomas Robinson, colored, appeared before the Recorder upon the charge of assault with a deadly weapon upon William Pugh. He was found guilty and fined $15 and costs. He was represented by William J. Bellamy, Esq.

Wylie Hill, colored, was tried upon two charges, drunk and disorderly, and assault with a deadly weapon. He was convicted of the former charge and taxed up with the cost. A. H. Pait, Esq., defended him. Hill's troubles did not end, however, after being tried upon the above charges, but he was arrested before he left the court room for malicious injury to personal property, and in default of bond was committed to jail to await trial today.

Henry Taylor, a hack driver, was taxed up with the cost for going to sleep in his hack on Front street. It was stated that this was not the first time Taylor had been guilty of the offense of sleeping in his hack upon the streets.

Frank Norris, the white man who is charged with slashing Noah Jones Monday night, was not tried yesterday, the case having been continued today.

BIG DAY AT LUMBER BRIDGE.

Col. and Mrs. W. S. Cobb to Receive—Governor and Military.

Yesterday afternoon's Fayetteville Observer has the following:

"Lumber Bridge, one of the most fertile spots on this globe and inhabited by a citizenship that any county would be proud of, is to be the scene of one of the greatest gatherings held in this section of the State in years, on tomorrow.

"A big picnic, with Governor Kitchin and Prof. J. B. Carlyle as speakers, will be the main feature. There will be many other attractions, however, including a military parade, baseball, etc.

"The social event of the occasion will be a grand reception this evening by Mr. and Mrs. W. S. Cobb at their magnificent home to Governor Kitchin. The doors of this hospitable home will be thrown open and all are invited to attend the reception.

"Governor Kitchin passed through Fayetteville this afternoon on his way to Lumber Bridge, where he will be the guest of Mr. and Mrs. Cobb.

"The Fayetteville Independent Light Infantry will leave here early in the morning and will be the guest of the Lumber Bridge Light Infantry, Co. L, Second Regiment, while at Lumber Bridge.

THE NEW HOTEL FOR BEACH

Messrs. John Underwood and Associates, of Fayetteville, at Work on Promising Scheme of Development—The Location.

The Fayetteville Observer of yesterday afternoon says that Dr. J. V. McGougan and Messrs. John Underwood, M. McI. Matthews and A. L. McCaskill, representing a party of business men, who recently secured an option on the Breezeland Cottage, of the Sol. Bear estate on Wrightsville Beach, just south of the Tarrymoore Hotel, have gone to the beach for the purpose of deciding whether or not to build on their own account or transfer their option on the property to Atlanta parties who have offered a neat profit on the option with a view of securing other property and erecting a large hotel on the site.

The option was recently secured for 90 days in the name of the State Insurance & Realty Company, of which Mr. McCaskill is president and Mr. Underwood secretary and treasurer and the consideration is understood to have been $7,000. The option, it is understood, expires by September 15th, but ere that time, the promoters hope to have something decided upon definitely. In fact, the promoters of the new hotel were in conference here yesterday afternoon and last night at the office of their counsel, Hon. John D. Bellamy, and it is expected that within the next day or two something definite will be known as to the plans for next season. Mr. Matthews is one of the best hotel men in the State and it is said that unless the Atlanta parties decide to take over the option that the promoters will organize a hotel company of their own and that Mr. Matthews will be engaged to conduct it. On the other hand, if the Atlanta parties acquire the property, it is understood they will want additional property and will build on an even more extensive scale. The site of the Bear cottage is sufficiently large for a modern hotel of several hundred rooms and is most eligibly located and it is safe to say that a hotel will be built regardless of whether additional property is acquired.

The past season at Wrightsville Beach has been so signally successful that there can be no doubt of wonderful development there before the opening of next season. As Mr. Hugh MacRae said some ten years ago, Wrightsville Beach is by long odds the most valuable asset which Wilmington has and there can be no shadow of doubt but that prediction is being rapidly realized. One of the not far distant developments which may be expected is a double track of the suburban line practically all the way to the beach and the replacing of the present structures with modern trestles and driveways both across Bradley's Creek and Bank's Channel.

CAPT. METTS LED.

Fourth Event in Series of Yacht Races Yesterday.

The fourth yacht race in the series of six over the regular course of eight miles, over the Banks Channel, was sailed yesterday afternoon, the starting time being 4:30, when eight white-winged flyers glided over the water. The owner of the yacht making the highest number of points in the series will be awarded the handsome Jones-Walters trophy, which has been on exhibition for some time in the show window of Hennet's.

The race started with a very good breeze from the South, and Capt A. B. Skelding's boat soon took the lead, and for two-thirds of the race it looked like he was the winner, but he was gradually overtaken and passed by the fleet craft of Capt. J. VanB. Metts, who finished first, making his score 35. Capt. Skelding came in second, and the boat of Capt. S. P. Cowan, sailed by Capt. Octave Wiggins, finished third. Today's race gives the three leaders the following score:

Capt. J. Van B. Metts, 35; S. P. Cowan's boat, 32; Capt. A. B. Skelding, 32.

WORD FOR STATE MILITIA.

Their Bearing and Behavior Was All That Could be Desired.

Editor Star:—From all sides we hear of the soldierly bearing and gentlemanly behavior of our State troops, who were in camp at Fort Caswell for the past ten days. At target practice and at drill, they proved themselves equal to all occasions and were conspicuous by their gentlemanly conduct. The trip on the steamer Wilmington, both going and coming, was marked by the pleasure it afforded both officers and crew, who appreciate these jovial, pleasant soldier gentlemen, who form a part of the State National Guard.

WILL HOLD ANNUAL MEETING

Important Gathering of Truckers to Assemble in Wilmington Today—Reports Will be Received and Officers Elected.

The annual meeting of the East Carolina Fruit and Truck Growers' Association will be held here this afternoon, and will be called to order in the Court House at 2:30 o'clock. It will be one of the most important meetings of the Association held in several years for ways and means will have to be devised to maintain the Association in the future. Officers will be elected for the ensuing year.

This morning at 10:15 the executive committee will meet in the office of Secretary Bauman, and at 11:30 the directors will meet at the same place. There will be no business of special importance to be considered at the morning session of the committee or directors meeting.

In former years the Association had many matters to discuss outside of the business affairs of the Association, one of the principal things being the proper handling of the berries. These troubles have now been practically eliminated and the only question of importance concerns the very life of the organization. The degree of usefulness of the Association during the next year depends to a great extent on what the growers decide upon at the meeting to be held today.

The Fruit and Truck Growers' Association was organized in 1896, the strawberry industry at the time being in its infancy but has since grown to be one of the leading industries in eastern Carolina and the luscious Carolina berry is shipped as far West as Chicago and north to Montreal, Canada. Secretary Bauman labored unceasingly to see that the berries were handled properly and the business has now been simplified until all works smoothly.

Important reports will be submitted to the Association this afternoon showing what has been done during the past year. The executive committee will submit a report and also Secretary Bauman. All interested in the development of this section are invited to be present this afternoon.

The executive committee of the Association is composed of the following:

Messrs. William E. Springer, of Wilmington; W. L. Hill, of Warsaw; J. A. Westbrook, of Mount Olive; D. Boughner, of Grists, and J. A. Brown, of Chadbourn.

Those on the board of directors are: J. A. Westbrook, J. B. Oliver, Mount Olive; H. J. Faison, Faison; Geo. W. Albritton, Calypso; D. W. Fussell, Rose Hill; B. F. Fussell, Teachey; D. E. Boney, Wallace; J. H. Moore, Burgaw; T. J. Armstrong, W. S. Brown, Rocky Point; Z. W. Whitehead, Wilmington; W. E. Springer, H. T. Banman, Wilmington; J. A. Brown, Chadbourn; M. F. Leonhart, G. E. Horton, Chadbourn; Dr. Geo. F. Lucas, Currie; S. H. Strange, Fayetteville; R. C. Powell, Whiteville; J. G. White, Wards; S. J. Sarvis, Mt. Tabor, and J. L. Williamson, Cerro Gordo.

BOND ELECTION CARRIED

Town Creek Township in Favor of Better Highways.

The people of Brunswick county do not expect to be outdone by other counties in the State and are rapidly awakening to the importance of good roads, the fact being plainly demonstrated by the vote cast yesterday in the election in Town Creek Township on a bond issue of $15,000 for good roads. The registered vote in the township is 317 and 179 votes were cast for the bonds and 3 against, carrying the election by 20 majority.

What is known as sand-clay roads are to be built. The first raod to be improved will be what is known as the Georgetown road, but by many referred to as the Wilmington road as it leads from the lower portion of Brunswick county to a point only a short distance from the Brunswick bridge. It is stated that the road is to be improved from Brunswick bridge to the new steel bridge recently built over Town Creek, but after leaving there the route is uncertain.

Several townships in Brunswick have voted bonds for road improvements and it is said that still others are to fall in line.

Won by the Giants.

The indoor baseball game at the Y. M. C. A. last night proved a big drawing card, for it practically decided the championship of the Junior department. The Giants proved too much for the strong Cub team and won by three runs—score 5 to 2. Batteries: Blue and Smith for the Giants, and Boone and Lewis for the other team. Umpire H. G. Bowden. Scorer Walker.

Wants Entire Bunch.

Yesterday a gentleman was at the city hall to lodge a complaint with certain of the city authorities, but, owing to the twilight zone that separates the various boards and commissions, he decided to get a list of every board and commission, and also every officer of any authority connected with the city, and expects to file his complaint to all at once in order to save time, and by firing at the entire bunch hopes to strike the right body.

Sunday School Outing.

The Sunday School of Immanuel Presbyterian church had its annual excursion yesterday and the day was spent in a most pleasant manner at Carolina Beach. Rev. Mr. Crowley says there was not an untoward incident to mar the day and that Captain Harper did everything possible to make the trip pleasant.

SPANISH SITUATION TALKED.

Pope Received Cardinal Into Audience Yesterday.

Rome, Aug. 16.—The Pope received Cardinal Viver Y. Tuto in audience today. They discussed the Spanish question at considerable length, and the Cardinal assured the Pontiff that all reports from Spain indicated that it would be impossible for Premier Canalejas to resist the attacks which would be made against him on the reopening of the Cortez.

Marquis de Gonzalez, who assumed charge of the Spanish Embassy at the Vatican on the withdrawal of Marquis de Ojeda, has received instructions to renew to Cardinal Merry del Val, the Papal Secretary of State, the assurances that the Spanish government is not animated by hostility to the church, but is only desirous of maintaining the rights of the State against ecclesiastical interference.

ONSLOW CONVENTION.

Hon. E. M. Koonce Renominated on First Ballot—Deadlock.

(Special Star Telegram.)

Jacksonville, N. C., Aug. 16.—The Democratic county convention of Onslow county assembled in the court house at 12 o'clock noon today, and organized by electing Hon. Rudolph Duffy as permanent chairman. Hon. E. M. Koonce was nominated on the first ballot for the House of Representatives, having beaten his two opponents, Cooper and Humphrey, in the recent primary election by the handsome majority of about 600 votes. Mr. Koonce won out against strong opposition, and his nomination is the climax of one of the most vigorous campaigns ever witnessed in this county. The friends of Mr. Koonce will present his name for speaker of the House. Having served in the Legislature a number of terms, he is eminently qualified for this important position.

Sheriff E. W. Summersill, Clerk of Court; M. M. Capps, and Register of Deeds J. B. Petteway were nominated on first ballot to succeed themselves. At this hour, 9 P. M., the convention is in a deadlock over the office of county treasurer, the candidates for this office being Messrs. F. W. Hargett, E. H. Walton and D. J. Moore.

Baton Rouge, La., Aug. 16.—Women will not be permitted to vote on the constitutional amendment which has been submitted to the people of Louisiana in November, to raise $6,500,000 for the proposed Panama exposition at New Orleans. ALL POLICE WITHDRAWN.

Columbus Mayor Leaves Strike to State Troops—Situation.

Columbus, O., Aug. 16.—All police guards were withdrawn from cars early tonight by Mayor Marshall, who today declared that he would not be responsible for operations during the night by strike-breakers. At a conference in the State house with Adjutant General Weybrecht, the mayor put it up to the State troops to guard the cars at night if the company should persist in operating them.

General Manager Stewart refused to accede to Marshall's request that the cars be withdrawn. In closing a letter to the mayor he said:

"We demand protection from you."

The State officers declined to assume the responsibility. After conferring with Mayor Marshall, it was announced that the State would continue to handle troops as planned and not permit them to patrol streets or to ride on cars.

The police department was cut down tonight by four more special officers who declined to ride on cars. This makes 68 mutineers.

No success has crowned efforts to enlist additional special police officers. Sheriff Sartain has obtained 75 special deputy sheriffs, however.

TOTALS MILLIONS.

Suits for Injunctions and Accountings in Big Railway Deals.

Cincinnati, Ohio, Aug. 16.—Suits for injunctions and accountings totalling millions of dollars were filed here today by Rudolph and Leopold Kleyholte, brokers, against Newman Erb, a New York attorney, the Chesapeake & Ohio railroad, and William Bradford, president of the Chicago, Cincinnati & Louisville railroad.

The Kleyboltes charge Erb with a violation of trust, alleged collusion and fraud, and assert that he speculated in securities held by him as trustee. Three principal accountings are demanded, and a prayer for damages names $1,110,000 as the amount they desire to recover from Erb, because, it is alleged that Erb, as trustee, permitted $1,208,000 par value of Dayton, Toledo & Ironton railroad stock to be sold at auction for $100,000.

The plaintiff demands an accounting for over $1,000,000 profit alleged to have been made by Erb in acquiring control of the Wisconsin Central railroad and turning it over to the Canadian Pacific.

They also ask for an accounting of the deal whereby the Chesapeake & Ohio railroad bought the Chicago, Cincinnati and Louisville, and ask that the court restrain the payment of the purchase money until that accounting is made.

BURLEY TOBACCO SALES.

Tables Thrown Open for Examination of Samples by Buyers.

Lexington, Ky., Aug. 16.—Tobacco men from all important markets gathered at the inspection tables of the Burley Tobacco Society here today to examine samples of the 120,000,000 pounds of 1909 tobacco offered for sale by the society.

The executive committee of the society fixed the price at an average of 18 cents, the lowest being 10 and the highest 28. The tobacco was divided into five grades, and each of these into classes, making about 40 quotations in all.

MASSACHUSETTS TEAM WON.

Captured Regimental Championship at Camp Perry for 4th Time.

Camp Perry, Ohio, Aug. 16.—The Sixth Massachusetts Rifle team today won for the fourth time the National Rifle Association Regimental Championship which is captured in 1906, 1907 and 1908, by scoring 831. The Fifteenth U. S. Infantry got in second at 821.

The twelve leaders ranked as follows: Sixth Massachusetts, 831. Fifteenth U. S. Infantry, 821; Fifty-third Iowa, 818; Seventy-fourth New York, 817; Brigade Midshipmen, No. 2, 810. First Hawaii Infantry, No. 1, 804; First Illinois, 804; Fifteenth U. S. Cavalry, 798; Brigade Midshipmen, No. 1, 796; Second Connecticut, 796; First District of Columbia, 795; First Squad Georgia Cavalry 793.

GAYNOR MAKING PROGRESS.

General Improvement in His Symptoms Report of Physicians.

New York, Aug. 16.—Mayor Gaynor's progress toward recovery from the wound inflicted on him just a week ago today is still unbroken. The most positive statement of the day was issued at 9:30 tonight. It read:

"Mayor Gaynor has passed a very comfortable day. There has been a general improvement in his symptoms.

"Arlitz, Dowd, Stewart, Parish."

Tonight the Tammany General Committee passed resolutions condemning the attack on Mayor Gaynor, and praying for his recovery.

GAVE WAY SECRETS.

Stenographer of President Appears Before Mine Workers.

Indianapolis, Ind., Aug. 16.—President Thomas' charge that a former employe of the United Mine Workers was responsible for the leaking of administrative affairs into the press of the country, today brought Miss Harriet Reed, who until 18 months ago was Lewis' private secretary, to the floor of the Mine Workers' special convention with a denial that she was responsible. She was roundly applauded when she declared that Lewis had given no reason for her dismissal, and that he had imported non-union labor to take her place.

QUAKE IS RECORDED

Georgetown Seismograph Tells Story of Far Away Shake.

Washington, Aug. 13.—The seismograph at Georgetown University today recorded an earthquake shock, which lasted twenty-three minutes, beginning at 8:02 and continuing until 8:25 A. M.

The maximum shock was at 8:17 o'clock and lasted for one and a half minutes. The indications are that the disturbances were about 2,500 miles southeast of Washington.

The university scientists say that their record would indicate that the epicenter was about mid-ocean. It may have been in the lower West Indies, in which event it would be almost sure to have caused a tidal wave and damage to shipping.

A SHARP RALLY FOR COTTON

Market Closed at Net Advance of 4 to 10 Points—Reports of Break in Texas Drouth—The General Conditions.

New York, Aug. 16.—An early decline in the cotton market, due to a little scattering liquidation and bear pressure on reports of a break in the Texas drouth, was followed by a sharp rally when no important rainfall was officially reported in the droughty district, and the market closed steady at a net advance of 4 to 19 points.

The opening was steady at an advance of 5 points on August, but generally 1 to 5 points lower, and active positions soon sold off to net loss of 10 to 15 points under local selling and scattering liquidation, attributed to reports of rain in South and Central Texas. The weather map showed 1.43 inches at Houston, and private wires were received claiming that rain had fallen more or less generally throughout Central Texas, but comparatively little long cotton seemed to be coming on the market, and when the official report showing the weather details for the day was published, the market turned decidedly on covering by early sellers. The weekly weather bureau report reading bullish as to Texas and Western coast called for showers only in the northern part of Texas, aided the upward movement, which, however, was led by August rather than by new crop positions.

There seemed to be very little August for sale, and Wall Street's shorts were evidently trying to cover, sending the price up to a net gain of 21 points. The new crop sold 4 to 11 points net higher in the late trading, and closed only 2 to 3 points off from the best. The detailed weather report showed showers at only a few points in the Southwest, the rainfall having been chiefly in the northern part of Texas, which has not recently been complaining of drouth. Trade interests were fair buyers here on the early decline, and the advance in the late trading reflected some fresh buying through commission houses, as well as covering of shorts. Southern spot markets were unchanged to 1-16c lower.

Receipts at the ports today 9,850 bales, against 1,178 last week and 2,400 last year. For the week, 25,000 bales, against 11,301 last week and 14,398 last year. Today's receipts at New Orleans 284 bales, against 452 last year, and at Houston 3,590 bales, against 530 last year.

GENUINE ECZEMA REMEDY.

New Remedy That Cures Eczema Quickly.

J. Hicks Bunting Co. has sold dozens of jars of Hokara in the last few weeks, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself, yet the most marvelous thing to them is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief and cure in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the worst or most chronic cases will be cured in a short time.

You can buy a liberal-sized jar at the very low price of 25c and with every package goes their guarantee to refund the money if it is not satisfactory. Larger size, 50c.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

On the Seaboard Mountain Special you will see "Vistas of forest clad summits, rock crests and distant mountain ranges; dizzy heights and deep shadowed gorges." Don't miss

ACTIVITY ON STOCK MARKET

Number of Substantial Advances Featured Market Yesterday—Movement Caused by Various Pools—Conditions.

New York, Aug. 16.—The stock market today manifested a very decided disposition to awaken from its lethargy of the previous day by making a number of substantial advances. Trading was more active and embraced many specialties such as Colorado Fuel and Iron, Colorado Southern, American Beet Sugar, National Biscuit, American Ice, Central Leather and International Harvester. The movement in these stocks was almost wholly manipulative and presumably for account of various pools.

Later in the day the more active issues, including Reading, Union Pacific, Southern Pacific, Atchison, United States Steel, St. Paul, Amalgamated Copper and Smelting participated in the advance. Rumors of a forthcoming segregation of Reading's assets were once more revived and received some credence by reason of the strength of Lehigh Valley in the Philadelphia market.

On the stock exchange sentiment was more cheerful, traders taking the ground that the immediate outlook seems conducive to a better market. The opinion, however, was almost wholly negative in character being founded largely on the belief that many contingencies have already been discounted by the present price-levels and that stocks are no longer being pressed for sale. There appears to be a more active demand for the better grade of bonds.

The bond market was steady throughout with government bonds easy. Total sales par value $1,227,000. Total sales for the day 530,200 shares.

THE GRAIN MARKET

Chicago, Aug. 16.—Wheat prices declined today and then recovered closing from a shade to 2 1-2 up after having dropped from 7-8 to 1 3-8 below the previous close. Corn dpulicated the fluctuations of wheat while oats kept within narrower limits, finishing weaker than the other grains. Provisions generally made gains, pork being the weakest, closing from 5c up to 12c off.

COTTON MARKET YESTERDAY.

Foreign Cables Were Fair—Liquidating Tendency a Feature.

(Special Star Telegram.)

New York, Aug. 16.—Foreign advices were fair this morning and on moderate trading the market opened lower and was depressed on signs of possible rains in Texas. This matter of the rain there is the daily quandary of the market. The weekly bureau mentions that rains is needed in the Southwest and otherwise is unimportant. During the day the Texas returns showed more moisture than for some time, but it was contended that it was inadequate and had ceased. And that soaking rains were essential

On this the market improved, but there was a liquidating tendency on the advance. Eastern mills have had moderate purchases of contracts. The trade faces the certainty of an unusually heavy movement and at a relatively high price. The higher prices were well held to the close.

HUBBARD BROS. & CO.

DRY GOODS MARKET.

New York, Aug. 16.—The dry goods market was moderately active during the day, the influx of buyers being unusual. Cotton goods are held steady and trading is moderately improved. Yarns are firm, with bids plentiful at the old prices. The miscellaneous export trade is fair. The total sales of drills to India for the month reached 2,500 bales. In men's wear circles there is a better demand for worsted suitings for Fall delivery.

SHOT WIFE FOR HAWK.

Section Hand at Waverly, Va., Claims Deed Was Accidental.

Petersburg, Va., Aug. 16. — Tom Spencer, a negro section hand on the Norfolk & Western Railway, today at his home at Waverly shot and probably fatally wounded his wife. Spencer says he took the gun to kill a hawk, and the shooting of his wife was accidental. She, however, in a sworn statement declares he shot her with intent to carry out a threat he had made to kill her. Spencer is held to await the outcome of the injury.

BRITISH TRAMP LIBELED.

Scotland Company Claim Damage of $2,000 to Cotton Bagging.

Norfolk, Va., Aug. 16.—The steamer Montauk, J. Roache, master, North American Line, limited, of Liverpool, England, at present under charter to Furness Company of Newport News, now loading coal there, was today libeled for $2,000 by J. Mollison Kidd & Co., a corporation of Dundee, Scotland, and S. Lesser, agent, of Augusta, Ga.

The libellants claim that they, on June 30, 1910, shipped on the Montauk Point from Glasgow, Scotland, 2,600 rolls of cotton bagging valued at $3.50 a roll, and that, owing to the negligence of the master of the ship and the unseaworthy condition of the vessel, they suffered damage to the extent of $2,000.

PIEDMONT TRACTION CO.

Will Ask for Franchise for Interurban Line at Charlotte.

Charlotte, N. C., Aug. 16.—The News this afternoon in a double-column front-page story says that at the next meeting of the board of aldermen the Piedmont Traction Company will ask for a franchise to enter the city with their interurban passenger and freight lines.

This is the company which proposes to build a traction line from the South Carolina State line on through Gastonia, Charlotte, Concord, Salisbury and to Greensboro. It is said that the ultimate plans are to extend branch lines to Durham and Winston-Salem and many other points in this territory.

Charlotte will be the center of this gigantic scheme of interurban development, says the News, and there seems to be a strong likelihood that the company's shops will be located in this city.

The Anderson, Greenville and Spartanburg Railroad Company is the sister concern which is to connect important South Carolina points with an interurban trolley system. It is reported that the two companies may ultimately be consolidated. The scheme is backed by the Dukes, and when both systems are completed over six millions of dollars will have been expended.

THE HONDURAS SITUATION.

Dabado Sailed for Parts Unknown. Conditions Normal Again.

New Orleans, La., Aug. 16.—When General Manel Bonilla, leader of the recent revolutionary movement in Honduras, and his chief lieutenant, Lee Christmas, the American soldier of fortune, accompanied by a number of the followers, proceeded to Port Barrios, Gautemala, to surrender themselves, Gen. Florian Dabado, of the Bonilla contingent, loaded one of the several schooners of the Bonilla fleet with practically all the supplies, arms, ammunition of the expedition, and sailed for parts unknown, according to reports received from the passengers on the steamer Angella, arriving here tonight.

Dabado was in charge of a cargo of ammunition which was carried by the Utestein from Mobile a few weeks ago for the alleged use of Bonila in Honduras. It was reported that these supplies were delivered on board the Emma and other schooners of Bonilla off the coast of Honduras.

It is stated that normal conditions are being rapidly restored in Honduras, and that government officials believe no further trouble is expected.

AFFAIRS AT COLLY.

Divided on Congressional Matter. Drainage—Swamp Drainage.

(Special Star Correspondence.)

Colly, N. C., Aug. 16.—Please allow me to give you the news from Colly. The people of Colly have been very much interested in politics, but since the convention was held at Elizabethtown they have gotten down to business. However, some of the people of Colly say that Mr. Clark is the right man for Congress, and others say that Mr. Godwin is the right man. Neither one of them dispute the fact that either one of those gentlemen are competent of being a member of Congress.

Lyon Swamp is being drained by a ditching machine, and the farmers are well pleased with the work which it is doing. When the work is completed this will be one of the finest farming sections in North Carolina. Crops are looking fairly well, considering the heavy rains which come every few days.

We have been informed that Mr. J. A. Murphy, of Atkinson, is a candidate for sheriff. He is a man of sterling qualities. Pender should appreciate such a man and show her appreciation by electing him.

THREE BOYS DROWNED.

One Stooped to Drink, Fell and Others Went After Him.

Sandusky, O., Aug. 16.—Clarence and Elmer Hemmerle, aged 13 and 11 respectively, sons of Frank Hemmerle, a hotel proprietor, and John, nine-year-old son of Chas. Ebner, ex-policeman, were drowned while on a fishing trip near here tonight.

Elmer Hemmerle leaned over an embankment to get a drink. He slipped and fell into 20 feet of water. His two companions jumped into the water to save him and all sank before rescuers could reach them.

FAVOR COMMISSION PLAN.

Gadsden, Ala., Votes Overwhelmingly for the New Form.

Birmingham, Ala., Aug. 16. — By a vote of 395 to 83, Democrats of Gadsden yesterday went on record as in favor of the commission form of municipal government. Gadsden is the third Alabama town to approve this new form of city management.

SHERMAN CHOSEN OVER ROOSEVELT

(Continued From Page One.)

here to indicate that he knows of Mr. Griscom's plans to force a vote.

So far as can be learned Mr. Griscom's talk with the President had to do solely with the general situation in New York State and Mr. Taft took the ground that harmony ought to be brought about. The story that Mr. Griscom took a message to Colonel Roosevelt which would affect the future relations between Mr. Roosevelt and the President is discredited in Beverly. Mr. Taft has assumed the attitude that any overtures, if they be necessary, must come "from the other side."

What effect today's developments in New York may have upon the reorganization plans that have been in progress must, of course, for a time remain a matter of conjecture. So far as can be learned there is a disposition here to "stand pat on the plans as announced. Senator W. Murray Crane, of Massachusets, the central figure in the reorganization plans, was here late this afternoon and spent two hours with the President. The Senator was reticent as ever. He would not talk about his visit to the President.

THE SIXTH DISTRICT MATTER

Division Will First Be Reported to State Committee.

The Raleigh News and Observer yesterday says:

"Ex-Governor Charles B. Aycock has returned to the city from Wrightsville, where he was one of the committee engaged in investigating the tangle in the Sixth Congression District Democratic nomination, the other members of the committee present being ex-Governor Jarvis, ex-judge A. C. Avery, Hon Theo. F. Kluttz, Sr., ex-Lieutenant Governor R. A. Doughton was kept away by urgent profession business.

"Ex-Governor Aycock was asked if there was any statement concerning the investigation that he could give out at present. 'Nothing,' was the reply. 'There will be no statement issued until one is given to the Democratic State Executive Committee at its next meeting.' The meeting is yet to be called, and the date will shortly be announced by State Cahirman Eller."

MANY OFFICERS TO NEWPORT

Those From Visiting Warships Received—Society Turned Out.

Newport, R. I., Aug. 16.—Newport society was out in full force today for the reception to the officers of the visiting warships, this afternoon at the training station, under the auspices of the men of the Narragansett Bay Naval Station. Nearly a thousand guests, many of whom were officers of the Army and Navy, garbed in their gold trimmed uniforms, were received by Rear Admiral Raymond Perry Rodgers, District Commandant, and Mrs. Rodgers, and Rear Admiral and Mrs. Seaton Schroeder. Secretary of the Navy George von L. Meyer was one of the guests.

During the day about 4,000 men from the warships were ashore and this evening 80 of them were the guests of Mrs. Herman Oelrichs at a vaudeville entertainment.

GREAT MARINE DISASTER

Spanish Steamer Foundered, Many Lives Are Lost Off Gibraltar.

Gibraltar, Aug. 16.—The Spanish steamer Martos foundered this morning off Tarifa, at the entrance of the straits of Gibraltar, after a collision with the German steamer Elsa.

Thirty-nine were drowned, of whom 32 were passengers. The survivors were landed here.

A dense fog prevailed at the time of the collision.

Nine of the victims of the Martos were first class cabin passengers. The other twenty-five passengers who perished were in the steerage.

The bow of the Elsa was stove in by the collision and her fore peak filled quickly with water. The steamer, however, managed to keep afloat.

KEENE TO RETIRE FROM TURF

Stables Which Cleared $397,000 in 1907 and $111,000 Last Year.

New York, Aug. 16.—Anti-race legislation is likely to result in the retirement from the turf of James R. Keene, vice chairman of the jockey club, who for many years has been one of the largest winners in the country. Mr. Keene says that he will retain about ten of his yearlings to be raced or sold next year. The others will be disposed of at public auction.

The Keene horses have not been so successful as usual this year and it is said this big stable has been run at a loss even though the winnings are close to the $50,000 mark.

Last year the stables cleared up $111,0000 and in 1907 he hung up a world's record witn winnings of $397,000.

URBAN POPULATION.

Three Northern Cities Show Large Gains on Census Returns.

Washington, Aug. 16.—The population of Scranton, Pa., is 129,867, an increase of 27,841, or 27.3 per cent as compared with 102,026 in 1900.

Washington Aug. 16.—The population of Schenectady, N. Y., is 72,826, an increase of 41,144 or 129.9 per cent as compared with 31,682 in 1900.

Washington, Aug. 16.—The population of Newark, N. J., is 347,469, an increase of 101,399, or 41.2 per cent, as compared with 246,070 in 1900.

Tucson, Ariz., Aug. 16.—The Republicans of Pima county in convention yesterday indorsed President Taft and Terrotorial delegate Ralph Cameron. The platform declares it to be the sentiment of the county that delegates to the constitutional convention go unhampered and have the privilege of formulating a constitution based on that of the United States and of such other states as they wish to emulate.

Des Moines, Iowa, Aug. 16.—Judges of the Polk county district court today refused to grant Governor Carroll's formal request that court be called a week earlier than planned, so that he might have a more speedy trial on the indictment which accuses him of criminal libel.

FINE ADVERTISEMENT.

Ohio Valley Exposition Offers an Unexcelled Opportunity.

Roanoke, Va., Aug. 16.—Every section along the Norfolk & Western, city, town or prominent locality, can be presented in pictures and lectures to the thousands of people who visit the Ohio Valley Exposition in Cincinnati, August 29th to September 24th. Mr. F. H. LaBaume, agricultural and industrial agent of the Norfolk & Western Railway, is very anxious to receive pictures, maps and descriptive matter of every locality, from one end of the line to the other. These he will send to Cincinnati and have worked up into stereotype views, to be thrown on a big screen and the descriptive matter worked up into entertaining lectures, telling the advantages of each locality along the road. For farmers, business men and investors generally, this is one of the biggest advertising schemes offered by the Norfolk & Western, in conjunction with the Ohio Valley Exposition, ever offered to localities along the line, and should result in bringing many settlers to Virginia, West Virginia, Kentucky and Ohio, states traversed by the Norfolk & Western. This railroad is doing all in its power to advertise each section along its line, to bring more people up the cities and towns, and offers rare chances for exploiting the industries and general advantages of the sections interested sufficiently to send the matter asked for. Mr. F. H. LaBaume is in Roanoke, where he will receive the matter.

FAST TRAIN WRECKED.

Iron Mountain Mail Flies Track and Three Are Dead.

St. Louis, Aug. 16.—The Iron Mountain fast mail train which left here at 2:30 this morning was wrecked near Piedmont, Mo. The train consisted of mail cars. Poplar Bluff dispatches say that three men were killed. At the headquarters of the road this report is denied.

The Iron Mountain fast mail which left here at 2:30 o'clock this morning was derailed at Annapolis, Mo., 112 miles south of here while going at a high speed. The conductor's leg was broken and five mail clerks were bruised. The train carried no passengers.

Nevada, Mo., Aug. 16.—One man was killed and 35 persons were injured when the tender of the Missouri Pacific passenger train No. 209 jumped the track 11 miles north of here early today. An unidentified negro was killed and 34 passengers were injured, none seriously. Fireman Grover Murdock, of Nevada, was scalded.

The smoker, baggage and mail cars and one chair care were completely wrecked. The Pullmans remained on the track.

AEROPLANE AND PIGEON.

Birds of Nature and Man's Production Given Test.

Amiens, France, Aug. 16. — The first aerial race between the birds of nature and of man's production took place in the course of the great aerial cross country competiton, and was easily won by man. A flock of 47 carrier pigeons was released at Doual yesterday at the same instant that LeBlanc, in his Farman bi-plane, started from the mark on his 50-mile flight to Amiens.

Rushing through the calm air the bi-plane soon outdistanced the birds, and when LeBlanc reached Amiens the flock was not yet in sight, the first pigeon arriving six minutes and twenty seconds after LeBlanc. Before the last of the flock had come in, LaGegneux, who had started at the same time as LeBlanc, but consumed nine minutes more on the trip, arrived, beating the last pigeons by 12 minutes.

EMPLOYES ON STRIKE.

Big Shipyard in Germany Has Trouble With Men.

Berlin, Aug. 16.—As a result of the fight between the German ship builders and their employes, all the ship yards of Germany except government works are now idle so far as new construction is concerned. Naval construction assigned by the government to private yards is at a standstill and ship owners are in many cases sending their ships to England for the necessary repairs naturally undertaken in home ports.

The men demand an increase of ten per cent in wages and a 55-hour week. The ship builders maintain that these economic demands are a cloak to political purposes and cannot be granted.

Sympathetic strikes of the men employed by allied trades are now being organized. At Hamburg 3,611 metal workers have gone on strike.

GREAT DAMAGE IN JAPAN.

Thousand People Killed and 4,000 Houses Destroyed.

Washington, Aug. 16.—More than 1,000 persons, either killed or missing, nearly 4,000 houses destroyed, and more than 150,000 houses damaged, was the measure of the damages wrought by the Japanese floods, as announced to the State Department today by Ambassador Obrien, the representative of the country at Tokio.

The damage to the rice crop, the ambassador added, was estimated at $4,000,000. No Americans were reported lost.

Newport, R. I., Aug. 16.—Despite rain and soggy courts, the All-Comers tournament on the National Lawn Tennis Championships progressed rapidly today. Sixty-five matches were disposed of in the first and second rounds. The principal match of the day, that between S. H. P. Pell and L. C. Johnston, was won by the former. T. C. Bundy, of California, defeated R. S. H. Randolph, of Philadelphia, in three live sets.

THE SOUTHERN NATIONAL BANK

MEETING AT FALCON.

Big Crowd There Yesterday, But Next Sunday is Big Day.

The Fayetteville Observer of Monday afternoon says:

Several Fayetteville people went up to Falcon, in the northeastern part of this county, yesterday, to see the big sanctification meeting in progress there. There were over one thousand people there yesterday; and on next Sunday five thousand are expected. It is a composite religion, with many sects taking part, the Holiness, or Sanctification, and the unknown tongue prevailing.

There is a big choir and the singing is said to be excellent.

Dinner can be had on the grounds and sleeping accommodations secured at small cost.

SKILL AS SWIMMER.

Got Georgia Boy Into Trouble When Baptizing Was On.

Dalton, Ga., Aug. 16.—His skill as a swimmer led Dee Walders, a 15-year-old white boy to be brought here today under arrest charged with an unusual offense. A baptizing was in progress in a creek at Mills, when Walders, fully dressed, waded into the water and began swimming in circles just beyond the baptismal party in order to obtain a better view. Walders swim broke up the service until he left the water.

Tucson, Ariz., Aug. 16.—The Republicans of Pima county in convention yesterday endorsed President Taft and Congressman Ralph Cameron. The platform declares it to be the sentiment of the county that delegates to the conventions go unhampered and the privilege of formulating a constitution like that of the United States and of such other States as they wish to emulate.

How to Own The Oliver Typewriter For 17c a Day

You don't have to draw on your Bank Account when you pay on the Penny Plan.

You need not disturb your Dollrs. Keep them at work earning interest!

We offer our newest model, the Oliver Typewriter No. 5—fresh from the factory—for Seventeen Cents a Day.

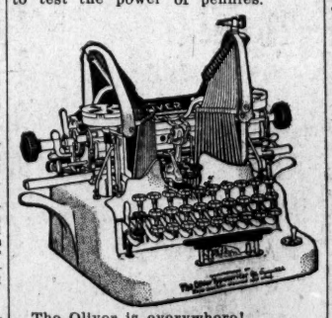
The plan is printed in "black and white" on the Application Blank below.

Simply fill out the blank, attach the small first payment, send it in, and on comes the Oliver!

No tedious wait! No red tape! No long-drawn-out correspondence!

You quickly own your Oliver and scarcely notice the outlay. You can have the use of your machine while pennies are "paying the freight."

You will never have a better chance to test the power of pennies.



The Oliver is everywhere!

It's the universal typewriter. Reels off real work with the ease and speed demanded by this mile-a-minute age. Wherever you turn—in Business in Offices, great or small—in the quiet of the Home—in the roar of the Railroad and Telegraph service—in the seething maelstrom of modern Newspaperdom—in countless kinds of service—it's the sturdy, strenuous Oliver that's "making the wheels go round."

The OLIVER Typewriter

The Standard Visible Writer.

You need your Oliver now. It's yours almost for the asking. The biggest hundred dollars' worth in America—for Seventeen Cents a Day!

Send along the Application Blank, with a small first payment of $15 as an evidence of good faith.

Your check is good—or send draft, postoffice of express money order.
